Report

REASON FOR THE REPORT:

At its meeting on May 27, 2002, the Standing Policy Committee on Property and Development referred the proposed "Agreement of Association between the City of Winnipeg and the Friends of Henteleff Nursery for the development and maintenance of an Interpretive Centre and Arboretum at the Henteleff Nursery Site," to the Administration for appropriate action.

HISTORY:

At its meeting on May 14, 2002, the Riel Community Committee passed the following motion:

> WHEREAS the friends of the Henteleff Nursery wish to enter into an agreement of association with the City of Winnipeg with regard to the development and maintenance of an Interpretive Centre and Arboretum at the Henteleff Nursery site in conjunction with the nursery operation and have provided the Riel Community Committee with a proposed concept plan in that regard;
>
> AND WHEREAS the Riel Community Committee is interested in such an association and establishing the Henteleff Nursery as a park including an Interpretive Centre and Arboretum;
>
> AND WHEREAS the Community Committee is of the opinion that such a development can be established in conjunction with the City of Winnipeg Nursery Operations;
>
> THEREFORE BE IT RESOLVED that the Standing Policy Committee on Property and Development direct the Administration to review the concept plan for the proposed development submitted by the Friends of the Henteleff Nursery, to initiate the process to have the total area owned by the City of Winnipeg rezoned as a park, to consider the terms of a working relationship with the Friends of the Henteleff Nursery and report back to the Riel Community Committee.

At its meeting on May 27, 2002, the Standing Policy Committee on Property and Development referred the above motion to the Administration for appropriate action.

On July 29, 2002, the Riel Community Committee considered the Administrations response and passed the following motion:

Whereas the Henteleff Nursery property has always been under the jurisdiction of the former Parks and Recreation Department and has been informally used by the public as a public open space for many years;

AND WHEREAS the City Naturalist and the Friends of Henteleff nursery have indicated that the subject land is a good quality natural area, well worthy of being rezoned to a Parks and Recreation District for future protection;

AND WHEREAS the Friends of the Henteleff Nursery wish to enter into an agreement of association with the City of Winnipeg with regard to the development and maintenance of an Interpretive Centre and Arboretum at the Henteleff Nursery site in conjunction with the nursery operation;

AND WHEREAS the Riel Community Committee is interested in such an association and establishing the Henteleff Nursery as a park including an Interpretive Centre and Arboretum;

AND WHEREAS the Community Committee is of the opinion that such a development can be established in conjunction with the City of Winnipeg nursery operation;

THEREFORE BE IT RESOLVED that the Standing Policy Committee on Property and Development direct the Administration to initiate an application to rezone the subject property from an “A-5” Agricultural District to a “PR-2” Parks and Recreation District;

BE IT FURTHER RESOLVED that the Standing Policy Committee on Property and Development direct the Administration to Initiate an application for a Conditional Use to allow for the tree nursery operation (Public Works Yard) on the subject property.

On September 10, 2002, the Standing Policy on Property and Development concurred in the Riel Community Committee’s recommendations and recommended:

That the Administration be directed to initiate an application to rezone the subject property from an “A-5” Agricultural District to a “PR-2” Parks and Recreation District.

That the Administration be directed to initiate an application for a Conditional Use to allow for the tree nursery operation (Public Works Yard) on the subject property.

On November 12, 2002, the Riel Community Committee approved both the rezoning and the Conditional Use for the Henteleff Nursery.

On January 29, 2003, Council gave final approval to the Henteleff Park rezoning.

At its meeting on September 8, 2003, the Standing Policy Committee on Protection and Community Services concurred in the administrative recommendation that the City-owned park located at 1964 St. Mary's Road (Henteleff Nursery) be formally named "Henteleff Park."

On February 28, 2006, the Riel Community Committee recommended to the Standing Policy Committee on Infrastructure and Public Works:

> That the request from Mr. Yude Henteleff, President, Henteleff Park Foundation Inc., to remove the fencing construction by the City of Winnipeg at Henteleff Park be considered favorably in light of the fact that similar fencing does not exist in any other major park in the City of Winnipeg.
>
> That the Administration be directed to identify a funding source and provide a timeline for the relocation of the tree nursery located at Henteleff Park.

At its meeting on April 11, 2006, the Standing Policy Committee on Infrastructure Renewal and Public Works did not concur in the recommendations of the Riel Community Committee and recommended that the Administration investigate fencing options.

DISCUSSION:

The agreement of association, which is the subject of this report, demonstrates how the principles outlined in Plan Winnipeg can be utilized to increase the quality of life for the citizens of Winnipeg. It sets up a plan for a collaborative relationship between the City and The Henteleff Park Foundation to expand and maintain the parks system (5C-01), promote the use of riverbanks (5C-02), protect environmentally sensitive lands (5C-04) and conserve heritage assets ((5B-01) within Henteleff Park.

The Henteleff Park Foundation Inc. (the old Friends of Henteleff Nursery) and the City of Winnipeg Administration have been negotiating an agreement of association for development of Henteleff Park. This agreement will constitute two formal agreement documents: a formal Development and Management Agreement; and a Framework Plan. The formal Development and Management Agreement will outline each group's roles and responsibilities for the development of the Frame Work Plan and future development and maintenance of Henteleff Park. The Frame Work Plan will be in map

or plan format and will identify the location of significant features that will be developed in the park, and the timing of their development.

This report considers the Development and Management Agreement only. Negotiations regarding the detailed Frame Work Plan will commence once the Development and Management Agreement (DMA) is approved.

The parties to the DMA have been able to come to agreement regarding all issues excepting the issue regarding whether the material displayed within the Interpretive Centre should be subject to the prior approval of the Director of Public Works. (The proposed DMA is attached as Appendix A).

Because the Interpretive Center is managed by the Foundation, and the City manages the Park and Nursery, there is some concern over the potential for conflict between the positions of the two managers with regard to material displayed within the Interpretive Center. For example, in the past, differing views have existed with regard to issues such as relocation of the nursery, and reduction in warning signage. A condition in the agreement that makes displays subject to the approval of the Director of Public Works would provide the city with some assurance that the city's position will be protected should conflict arise. Thus, the Administration's position is that Clauses 6 E Page 10; Clause 6(i) page 12; and Clause 10, page 16 need to contain the condition that they be "subject to the prior approval of the Director of Public Works which approval will not be unreasonably withheld".
