Report

REASON FOR THE REPORT:

The Standing Policy Committee on Infrastructure Renewal and Public Works has the authority to approve additional projects for inclusion in the 2008 Regional and Local Street Program.

HISTORY:

Council adopted the 2008 Capital Budget at a Special Meeting of Council on December 18th, 2007.

The Standing Policy Committee on Infrastructure Renewal and Public Works approved the 2008 Local Street Renewal program at its meeting dated December 4, 2007.

DISCUSSION:

As a result of lower than estimated prices on 2008 contracts, there are sufficient funds to undertake new project work in addition to the projects listed in the 2008 Capital Program under "if additional funds available" in the Regional and Local Street budget item.

Of the tenders awarded to date, the difference between the originally estimated amounts and the actual tender amounts is $5,475,000.

The *"if additional funds available"* locations identified in the 2008 Adopted Capital Budget are as follows:

· Logan Av – Reitta St to Bushnell St	Major Rehabilitation	$1,330,000
· Century St – Ellice Av to Wellington Av	Major Rehabilitation	$2,200,000
· Pembina Hw (S/B) – Kirkbridge Dr to DeVos Rd	Mill & Fill	$500,000
· Main St – City limit to Red River Blvd	Mill & Fill	$450,000
	Subtotal	$4,480,000

Due to anticipated traffic conflicts with the 2008 St James Street renewal project, the Century Street project, while fully funded in 2008, will only be *designed* in 2008, and construction will be scheduled in 2009.

The Public Service has identified sufficient funding to propose the following additional projects, both of which are local streets:

· Harris Blvd – Emo Av to Assiniboine Av	Reconstruction	$640,000
· Parker Av – Hurst Wy to Planet St	Major asphalt rehabilitation	$250,000
	Subtotal	$890,000

If the remainder of the projects being tendered in 2008 result in a deficit, some or all of the above projects would be cancelled or deferred.

In the event that favourable tender pricing continues for the remainder of the 2008 construction season, and additional surpluses are realized, it is further recommended that the Director of Public Works be delegated the authority to allocate any additional surplus funds within the 2008 Capital Budget - Regional and Local Streets and New Transportation Facilities Programs.

Projects that would be considered for programming with additional surplus funds would include:

- Corydon (W/B) from Edgeland to approximately three blocks west of Tuxedo Blvd.
- Active Transportation pathways:
    - East Mint Place to Burmac
    - Bishop Grandin Greenway West – Pembina Hwy. to Waverley St.
    - Bishop Grandin Greenway West – Waverley St. to McGillivray Blvd.
