Report

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request from Mr. Doug McKay of M.B.1 Developments, representing 5540313 Manitoba Ltd., to close and purchase the public lane identified as “Proposed Closing – DAC 2/2008” on the attached copy of Misc. Plan No. 12607/2. The proposed closing is to form part of the development of a 9,000 square foot commercial space, a subdivision and rezoning currently being processed under DASZ 3/2008.

5540313 Manitoba Ltd. is the new owner of No. 2440 McGillivray Blvd. which adjoins the subject lane closing. The previous owner, Mr. Mario Costantini, made a similar application to develop the land under DAC 18/2005 (C/R DASZ 34/2005). At the Assiniboia Community Committee meeting held on September 20, 2005, that application was not approved by the Committee because of opposition to the development by the area residents.

The subject lane was created by Plan No. 1552, a plan of subdivision registered in 1910. The lane is unimproved and serves no public purpose.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the closing.

There are, however, the following comments:

The Transportation Engineering Division of the Public Works Department advises that should there become a need for a turn-around at the terminus of the lane remaining open, it would be possible to legally open as right-of way undeveloped City owned land located to the south of the portion of lane remaining open for that purpose.

The Local Improvements Section of the Assessment and Taxation Department advises that there are outstanding local improvements on No. 2440 McGillivray Boulevard as follows:

Roll No. 03067048000 (Lots 23/28, Block 10, Plan 1552)

Local Improvement: Wastewater Sewer
By-law No.: 6322/94
Term: 1994 – 2013
Annual Levy Amount: $621.17
Commutation Amount: $2,849.94

Roll No. 03067051000 (Lots 29/32, Block 10, Plan 1552)

Local Improvement: Wastewater Sewer
By-law No.: 6322/94
Term: 1994 – 2013
Annual Levy Amount: $423.72
Commutation Amount: $1,944.04

These local improvements will not be impacted by the proposed lane closing. However, the local improvement levies will be re-allocated to the new roll numbers for the property created by the subdivision and rezoning within DASZ 3/2008.

Easements

No services have been identified within the proposed lane closing. No easements will be required.

Transfer of Jurisdiction Over Public Rights-of-Way

The public lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
