RE: DAC 11/2008 – PROPOSED CLOSING OF PART OF RIVERSTONE ROAD AT FERNBANK AVENUE FOR INCORPORATION INTO DASZ 23/2008

FOR SUBMISSION TO: The Lord Selkirk-West Kildonan Community Committee

REPORT DATE: July 2, 2008

RECOMMENDATION:

1. **That the proposed partial street closing as shown on Misc. Plan No. 12704/3 be approved and that the land be declared surplus to the City's needs.**

2. **That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the partial street closing in accordance with Misc. Plan No. 12704/3.**

3. **That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.**

Report Summary

Key Issues:

Novamet Development Corporation has made an application to close the portion of Riverstone Road so identified on the attached copy of Miscellaneous Plan No. 12704/3 for incorporation into an application to subdivide and rezone the adjoining property currently being processed under DASZ 23/2008. The closing is one of the components of a sale and exchange of lands originally entered into between the City and Silpit Industries Co. Ltd. and approved by the Standing Policy Committee on Property and Development on July 4, 2006.

The sale of the closed street was approved by the Standing Policy Committee on Property and Development on November 21, 2006, subject to Council approving the necessary street closing by-law.

Report

REASON FOR THE REPORT:

All street and lane closings require the consideration of the Community Committee.

HISTORY:

The Planning, Property and Development Department has received a request from Mr. Glenn Halldorson, Project Supervisor for Novamet Development Corporation, to close the portion of Riverstone Road so identified on the attached copy of Misc. Plan No. 12704/3. The street, once closed, will be incorporated into DASZ 23/2008, an application to subdivide and rezone the adjoining property. Portions of this land will also be dedicated for the widening of Fernbank Avenue and Main Street as well as the opening of a public lane as shown on the sketch.

The subject closing was originally processed under DAC 22/2006 for incorporation into DASZ 43/2006, a previous application made by Novamet Development Corporation to

consolidate, subdivide and rezone the adjoining property with its holding legally described as Lot 27, Block 2, Plan 21870 immediately to the south. This closing was one of the components of a prior sale and exchange of lands between the City and Silpit Industries Co. Ltd. which was approved by the Standing Policy Committee on Property and Development on July 4, 2006. One of the conditions of the sale identified by the Public Works Department was the widening of Fernbank Avenue and Main Street.

Subsequent to the approval of the sale and exchange of lands, the Standing Policy Committee on Property and Development further approved the sale of the proposed closing area to Silpit Industries Co. Ltd. for $1.00 at its meeting on November 21, 2006, subject to Council approving the necessary street closing by-law. In exchange for receiving the land, Silpit was to be responsible for all costs associated with the closing application as well as costs associated with the preparation of the plan of survey to facilitate the widening of both Fernbank Avenue and Main Street under the original terms and conditions of the previously approved sale and exchange.

In April of 2007, Novamet withdrew their applications under DAC 22/2006 and DASZ 43/2006 and are now re-applying for the closing and subdivision/rezoning.

DISCUSSION:

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the closing.

Easements

Manitoba Hydro and MTS have identified existing facilities within the closing area and will require easements to protect their interests. No permanent structures will be allowed within the easement area.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be incorporated into the subdivision. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
