REASON FOR THE REPORT:

The Planning, Property and Development Department is in receipt of an Offer to Purchase the City-owned property (Lots 20 to 24, part Lot 25, Plan 34,986) and that portion of the Public Lane shown cross hatched on the attached Misc. Plan No. 13096/4.

Approval by the Standing Policy Committee on Property and Development is required for the proposed terms and conditions of sale as set out in the attached Offer to Purchase. Council approval to declare the City property (Lots 20 to 24, part Lot 25, Plan 34,986) surplus is required. In addition, and Council's enactment of the proposed opening/closing By-law is also required.

HISTORY:

LPFNT Landholding Inc. intends to consolidate the portion of the Public Lane and the City – owned property (Lots 20 to 24, part Lot 25, Plan 34,986) with its adjacent land to the east and west, to provide for an office/retail development.

On May 20, 2008, Standing Policy Committee on Property and Development approved the closing of that portion of the Public Lane shown on the attached Misc. Plan No. 13096/3 and the opening of the City owned and privately owned lands on the attached Misc. Plan No. 13096/3 (DAOC 2/2008).

On June 11, 2008, Executive Policy Committee approved DAOC 2/2008. On June 17, 2008, it is anticipated that DAOC 2/2008 will be adopted by Council.

DISCUSSION:

The Planning, Property and Development Department has determined that there is no City requirement for subject City lands (Lots 11 to 29, Plan 34,986) and the Public Lane shown cross hatched on the attached Misc. Plan No. 13096/4. Manitoba Hydro will require an easement for the maintenance of existing facilities within the lane proposed to be closed.

LPFNT Landholding Inc. has agreed, at its expense, to dedicate to the City a portion of its property for an alternate Public Lane (shown outlined on Misc. Plan No. 13096/3), to accommodate area access to and from its property and adjoining properties.

The Public Works Department requires LPFNT Landholding Inc. to enter into a Servicing Agreement to carry out the following works, at its expense:

- Establishing in the area shown outlined and identified as “Property to be dedicated to the City of Winnipeg” on Misc. Plan No. 13096/4, lane rights-of-way of 7.25 metres to Kensington Street and 8.8 metres to Madison Street.
- Construct with portland cement concrete pavement, to a width of 6.0 metre by 150mm in thickness in the proposed east/west public lane connecting to Kensington Street and appropriate radii in the 4.0m by 4.0m right-of-way corner cut and all related works, including, but not necessarily limited to a lane turnout at Kensington Street, drainage improvements and land drainage works in both the proposed public lane and in the existing public lane which is to remain, if required, all as determined by and to the satisfaction of the Director of Public Works.

- Construct with portland cement concrete pavement, to a width of 7.55 metre by 150mm in thickness in the proposed east/west public lane connecting to Madison Street and appropriate radii in the 4.0m by 4.0m right-of-way corner cut and all related works, including, but not necessarily limited to a lane turnout at Madison Street, drainage improvements and land drainage works in both the proposed public lane and in the existing public lane which is to remain, if required, all as determined by and to the satisfaction of the Director of Public Works.

The Planning, Property and Development Department is recommending that the sale of the portion of the subject Public Lane and subject City property to LPFNT Landholding Inc. for $4,800.00 be approved for the following reasons:

a) The Purchaser will be responsible for all costs related to the closing of the Public Lane including necessary closing/opening plans and Plan of Survey.

b) The proposed purchase price of $4,800.00 is supported by an internal appraisal report, citing the value of the City land ($21,000.00) minus the value of the land the purchaser is dedicating to the City for the lane opening ($16,200.00).

c) The purchaser will be responsible for all costs related to the construction of the relocated public lane and all related works.

d) The proposed terms and conditions of sale as recommended by the Department are in accord with the City’s standard terms and conditions and include special items required by the Department (i.e. the title to the subject City property and the portion of the closed lane being sold to the purchaser to be consolidated with the Purchaser’s adjacent property to the east and west; the purchaser to provide the City, if required, with an easement for the catch basin and catch basin lead just north of the proposed north lane opening).
