Minute No. 21
Report - Standing Policy Committee on Property and Development - October 28, 2008

Item No. 3 Rezoning - 173 Notre Dame Street
(St. Boniface Ward)
File DAZ 226/2008

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee concurred in the recommendations of the Standing Policy Committee on Property and Development and the Riel Community Committee and submits the following to Council:

1. That the Winnipeg Zoning By-law No. 200/2006 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 226/2008 dated September 18, 2008 to an "RMF-M" Residential District, subject to the following:

    A. That the applicant enter into a zoning agreement with the City of Winnipeg pursuant to Subsection 240(1) of The City of Winnipeg Charter to provide for the following:

        i. That for the development of any building and/or accessory parking area and/or signage, plans shall be submitted showing the location and design of the proposed buildings, the location and design of accessory parking areas, private approaches, garbage enclosures, fencing, landscaping and signage to the Director of Planning, Property and Development and the Riel Community Committee for plan approval prior to the issuance of any building or development permit, and thereafter all to be maintained to the satisfaction of the Director of Planning, Property and Development.

2. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

3. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twelve (12) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twelve (12) month period and the extension is subsequently approved by Council.

4. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

Report - Standing Policy Committee on Property and Development - October 28, 2008

5. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Subject: **Application to rezone said land from an "M1" Industrial District to an "RMF-M" Multiple Family District for the proposed conversion of existing buildings to a multiple-family residential use and for the future construction of dwelling units.**

Location: **173 Notre Dame Street**

Applicant: **Davian Construction (Treble Lysenko)**
Owner: **4289528 Canada Ltd.**

Recommendation: ***Approval with conditions***

Report Summary:

The Planning and Land Use Division recommends that the application be **approved** for the following reasons:

- The proposed development would be in accordance with the policies of the North St. Boniface Secondary Plan.
- The proposed development is compatible with existing neighbouring land uses.
- The proposed redevelopment of an industrial site into a residential development aligns strongly with Plan Winnipeg given the site's location in a neighbourhood Policy Area.

Site Description

The subject property, which is zoned "M1" Industrial District, is located at the northwest corner of Notre Dame Street and Rue St Joseph, in North St Boniface.

North: A twelve-unit condominium building fronting Rue St Joseph and single-family homes fronting LaVerendrye Street zoned "R2" Residential District.
East: An active industrial use **(**Parmalat Dairy) zoned "M1" Industrial District.
South: Single-family homes fronting the south side of Rue Notre Dame zoned "R1-M" Residential District.
West: Single-family homes fronting the north side of Rue Notre Dame zoned "R1-M" Residential District.

Analysis and Issues

Plan Winnipeg:
The use of the site is consistent with the range of land uses supported in Neighbourhood Policy Areas of Plan Winnipeg., which provides for:

> *low intensity ancillary uses such as local commercial, educational, recreational, religious, and institutional uses at a scale and density compatible with, and necessary to support, low-intensity residential development, and in recognition of traffic flows related to these uses*." (3B-01)"

Secondary Plan:
The subject site is consistent with the policies set out in the North St Boniface Secondary Plan. Most notably is that the subject site is located within a "Higher Density Residential" area given that it has frontage along Rue St. Joseph, a major collector road. Given this location, the Secondary Plan supports residential densities of up to 55 units per acre. It is noted that the proposed density of development is 37 units per acre.

Compatibility with the Existing neighbourhood:
It is noted that the current zoning of the subject site allows for a variety of land uses that are not generally compatible with the existing residential character of the neighbourhood. The site itself is a relic of the past that no longer conforms to vision of the neighbourhood as set forth in both Plan Winnipeg and the North St Boniface Secondary Plan. Rezoning the said land to facilitate multiple-family development would provide for a development that is much more compatible with existing residential uses.

Neighbouring residential uses consist of a range of single-family dwellings and medium density apartment blocks and condominiums. Attention is drawn to a 12 unit, three-storey condominium building that sits directly north of the subject site. It is noted that the density of the existing condominium building is 40 units per acre and the density of the proposed multiple-family development is 37 units per acre. While Rue Notre Dame is mostly occupied by single-family dwellings, it is pointed out that there is a three storey apartment building at the northwest end of the block that fronts Tache Ave. given the established residential context, the proposed development is seen as consistent with and compatible to the abutting and adjacent uses.

Zoning:
The proposed rezoning is viewed as an opportunity to phase out industrial land uses that are becoming less and less compatible with the pattern of development and redevelopment within the North St Boniface neighbourhood. The current "M1" Industrial District Zoning currently accommodates a variety of uses that are not compatible with the neighbouring residential land uses. Examples include "Light Manufacturing", "Fleet Services", "Self Storage", and "Auto Sales/Repair/Service".

Recommendation:

The Planning and Land Use Division recommend approval for the following reasons:

- The proposed development would reflect the policies of the North St. Boniface Secondary Plan.
- The proposed development is compatible with existing neighbouring land uses.
- The proposed redevelopment of an industrial site into a residential development aligns strongly with Plan Winnipeg given the site's location in a neighbourhood Policy Area.

<u>Recommended Conditions of Approval:</u>

1. That The Winnipeg Zoning By-law No. 200/06 be amended by rezoning the subject land as shown on Schedule "A" for File DAZ 226 /2008 October 13, 2008 to an "RMF-M" Residential District.

2. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

3. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twelve (12) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twelve (12) month period and the extension is subsequently approved by Council.

4. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary rezoning by-law and forward same to Council for all three (3) readings.

5. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.
