## Report

**REASON FOR THE REPORT:**
Under the City Organization By-law No. 7100/97, the Standing Policy Committee on Property and Development is responsible for planning and land use matters in the city, outside the downtown, including the Winnipeg Zoning By-law No. 200/2006.

**HISTORY:**
On December 19, 2007 Council passed Winnipeg Zoning By-law No. 200/2006, which came into force on March 1, 2008. An amending by-law passed by Council in July 2008 corrected a long list of errors and omissions in the by-law. This amending by-law will continue to improve and update the Zoning By-law by correcting irregularities and thereby easing its administration.

**DISCUSSION:**
The Public Service is proposing additional amendments to correct several minor errors and omissions in the text and maps of the Winnipeg Zoning By-law. The proposed amendments are minor in nature and have no policy impacts.

Under section 276 of The City of Winnipeg Charter, Council may amend a zoning by-law without giving notice of a hearing in respect of the proposed amendment, holding a hearing, or receiving a report from a hearing body where it considers that the proposed amendment is to correct an error or omission and does not prejudice the rights of any person.

The Public Service recommends that Council amend the Winnipeg Zoning By-law No. 200/2006 to correct certain errors and omissions. The proposed amendments are outlined in a draft amending by-law in Attachment "A". The Public Service does not consider the proposed amendments to be substantive.
