WPAB Work Session
December 16, 2008

Following its regular meeting on December 16, 2008 the Board met in informal session on two items:

1 WPAB Consultation Plan, 2009

The Board had its initial discussion on what consultations remained to be done for the annual report and for 2009. The Board is desirous of hearing from aboriginal leaders as well as the Winnipeg Police Association. The Board also wishes to become more familiar with certain aspects of police service delivery and programs, and will request information sessions on a variety of topics throughout the upcoming year. Public consultation dates will be addressed at a future meeting.

2 Annual Report and Recommendations

The Board conducted its second reading of the 2008 report and recommendation and was advised the draft has been provided to WPS who will provide the Board its initial comments on the recommendations. As this is the first report by the Board, some discussion also took place on the transmittal process and public release of the report. The Board will review a revised report in January.

R.A. MacIntyre
Executive Director
Winnipeg Police Advisory Board
