REPORTS

Minute No. 102 **Reactivation of Levies for Local Improvements Deferred on 929 Shaftesbury Boulevard pursuant to By-law No. 7094/97 and 901 Shaftesbury Boulevard By-law No. 7095/97**
File SL-3 (Vol. 15)

EXECUTIVE POLICY COMMITTEE RECOMMENDATION:

The Executive Policy Committee laid over consideration of the matter to its meeting scheduled for March 19, 2003, and requested the Administration to provide a further report outlining the process to be followed.

Minutes - Executive Policy Committee - February 19, 2003

DECISION MAKING HISTORY:

Moved by Councillor Clement,

That consideration of the matter be laid over to the meeting of the Executive Policy Committee scheduled for March 19, 2003, and the Administration be requested to provide a further report outlining the process to be followed.

Carried

Councillor Thomas asked to be recorded as having voted against the above motion in accordance with Rule 50.7 of the Procedure By-law.

ADMINISTRATIVE RECOMMENDATION:

The Executive Policy Committee concurred in the administrative recommendation and submits the following to Council:

1. That the deferments for local improvements on Shaftesbury Boulevard authorized under By-laws 7094/97 and 7095/97 cease, and that the appropriate assessments be reactivated with a requirement for payment to be made in either of the two methods outlined below:

Property	Improvement Type	Cash Payment	Term	Annual Levy
(1)	Land Drainage Sewer	$24,384.00	2002 - 2021	$2,410.10
(2)	Land Drainage Sewer	$ 7,680.00	2002 - 2021	$ 759.09

   a. The local improvement may be paid for at the prevailing cash cost up to and including the last day of the month subsequent to that during which the cash cost statement is mailed (immediately pursuant to the passing of the reactivating By-law).

   b. First levy(s) payable at par up to and including the last day of the month subsequent to that during which the tax statement is mailed (immediately pursuant to the passing of the reactivating By-law).

      The second and all the following levies will be scheduled to appear on the City's normal annual tax bills for the prescribed terms with the usual provisions for prepayment by commutation to apply.

2. That the foregoing reactivations be assessed against Part River Lot 16/17, St. Charles, C.T. 1481206 (929 Shaftesbury) and C.T. C18198 (901 Shaftesbury).

3. That the reactivation By-laws prepared by the City Solicitor be adopted by City Council.

3. That the reactivation By-laws prepared by the City Solicitor be adopted by City Council.

Reason for the Report:

The maximum five (5) year period granted by Deferment By-laws 7094/97 and 7095/97 has expired on September 24, 2002 and only Council can approve the reactivation By-laws.

History:

On November 22, 1994, Local Improvements (Land Drainage Sewer, Street Pavement, Sidewalks and Street Lights) were advertised for Shaftesbury Boulevard from Grant Avenue to Wilkes Avenue. Petitions were taken out against the projects, but were unsuccessful. Mr. Schlamp, owner of both properties, signed these petitions.

On February 14, 1995, the Assiniboia Community Committee recommended that all the subject Local Improvement projects proceed.

On April 7, 1997, Committee on Works and Operations designated Shaftesbury Boulevard as a Regional Street, therefore, the above ground improvements were done as "City at large", and the Land Drainage Sewer was constructed and assessed as a Local Improvement. The improvement was completed on October 25, 1996 and assessed on the 1997 Tax Bill.

On June 4, 1997, two deferment applications were received from Mr. Schlamp by the Local Improvements and Miscellaneous Revenue Division. Although both holdings did not meet all the conditions as stated in the deferment applications, the administration recommended deferral for the agricultural land and no deferral for the residential property. The decision to defer the agricultural land levy was based on the fact that the land receives little benefit from the Land Drainage Sewer due to significant variation in

elevation between the land and the roadway. Deferral was not recommended for the principal residence since it receives greater benefit from the Land Drainage Sewer in that a catch basin is located in Mr. Schlamp's driveway.

On July 4, 1997 the Committee on Finance and Administration recommended both properties for deferral to the Executive Policy Committee. The Executive Policy Committee concurred with the Committee on Finance and Administration and on July 23, 1997, Council adopted the Executive Policy Committee recommendations to defer the Local Improvements on both properties.

Discussions have been on going between Mr. Schlamp and the City regarding development of the property at 929 Shaftesbury Boulevard. At the June 19, 2002 Council Meeting an amended proposed plan for rezoning and development was approved. This plan has not been finalized and Mr. Schlamp has verbally advised that he will be submitting a new plan of subdivision.

On September 19, 2002 Mr. Schlamp filed a formal appeal of the Local Improvement levy for both properties.

Discussion:

Conditions set forth in Deferment By-laws 7094/97 (929 Shaftesbury Boulevard) and 7095/97 (901 Shaftesbury Boulevard) state:

1. "The deferment permitted under this By-law shall cease upon the occurrence of any of the following:

    a. Upon the fifth anniversary of passing of the By-law;

    b. There can be legal registration of a plan of subdivision affecting part or all of the property where deferment has been permitted;

    c. Where part or all of a property enjoying deferment is rezoned permitting a change in land use. The effective date upon which the special assessments shall become due and payable under this sub clause shall be the day the rezoning permitting a change of land use comes into force and effect under the appropriate by-law;

    d. Any other condition which, in the opinion of Council, would remove or alter the reasons originally advanced to support the deferment, such as a consent to convey a portion of the site to a developer, where a change in land use is contemplated;

e. Granting of a variance, allowing change in land use. The effective date upon which the special assessment shall become due and payable under this sub-clause shall be the date of the variance order."

2. "When the lands herein become subject to special assessments as a result of cessation of deferment, such special assessment shall be levied against the said lands at the then prevailing rates and paid at the prevailing cash cost or amortized at the then current capital borrowing rates."

The fifth anniversary (clause 1(a)) granted by Deferment By-laws 7094/97 and 7095/97 expired on September 24, 2002. As such, Council is required to approve the necessary reactivation By-laws.

On September 19, 2002 Mr. Schlamp filed a formal appeal on both properties. In the opinion of the Legal Services Division both properties are appealable but the appeal cannot be heard until the Local Improvement is reactivated on both properties.

Further, the Planning, Property & Development Department has recently been advised that the property owners intend to file a new development application and may be requesting a further deferment of the Local Improvement charges should the appeal not be successful.
