Report

REASON FOR THE REPORT:

Sections 294 and 302 of The City of Winnipeg Charter require the City to pass a by-law enabling the city to borrow money for the refinancing of city securities.

HISTORY:

On January 27, 1999, Council passed By-law No. 7368/99 which authorized borrowing in the amount of $50,000,000.00.

DISCUSSION:

The City of Winnipeg on February 2nd, 1999 issued $50,000,000.00 ten year Sinking Fund Debentures pursuant to By-law 7368/99 which matured on February 2nd, 2009. At the time these Sinking Fund Debentures were issued, in order to take advantage of lower interest rates for a ten year term, it was decided that a ten year debenture would be issued instead of the normal twenty year debenture. However, in keeping with the City's normal practice of issuing twenty year debt, the Sinking Fund Debentures issued on February 2nd, 1999 were amortized over a twenty year period. Therefore, it was determined at that time that a residual amount would be outstanding when the debentures matured which would need to be refinanced. The amount that will be outstanding and require refinancing is $30,980,600.00.

FINANCIAL IMPACT STATEMENT

The debt servicing costs associated with this refinancing have been reflected in the City's 2009 Operating Budget.
