REASON FOR THE REPORT:

The Planning, Property and Development Department has determined that there is no civic need for the subject City-owned property, shown outlined on the attached Misc. Plan No. 13134/1. Council approval is required to declare the subject property surplus to the City's requirements.

HISTORY:

The subject property was acquired by the City in 1986 for the future Chief Peguis Trail extension.

Details of the subject City property are as follows:

Location:	Southwest corner Main Street at Murray Avenue
Description:	Vacant land
Legal Description:	SP Lot 7, Plan 24,118 and part SP Lot 8, Plan 24118
Site Size:	58,450 +/- square feet
Zoning:	"C2" – Commercial Community

The subject City property was circulated to all City Departments. The Public Works Department advised that the property is outside of the property requirements for the future interchange requirement of the Chief Peguis Trail extension. That Department also indicated that:

> *"Long term access to this site would be only off of Murray Avenue; in the shorter term, until a grade separated interchange is constructed, probably 20+ years, right turn in/out access could be permitted off of Main Street in accordance with the Private Access By-Law. The existing median opening for the transit turn-around cannot be used to provide northbound left turn access to the property and would be closed when the turn-around is no longer used by Transit."*

DISCUSSION:

The Planning, Property and Development Department has determined that there is no civic need for the subject City-owned property. In addition, the Department has consulted with the Ward Councillor in regard to the future marketing of this property for sale.

In view of the fact that no civic need has been identified for the subject property, the Planning, Property and Development Department is recommending that the property be declared surplus to the City's requirements and that the property be marketed for sale to the general public.
