ADMINISTRATIVE REPORT

RE: DAC 6/2009 – PROPOSED CLOSING OF PART OF CHIEF PEGUIS TRAIL, WEST OF WHELLAMS LANE FOR INCORPORATION INTO DAS 15/2009

CRITCAL PATH: FOR SUBMISSION TO THE EAST KILDONAN - TRANSCONA COMMUNITY COMMITTEE

AUTHORIZATION

RECOMMENDATIONS

1. That the proposed street closing as shown on Misc. Plan No. 13561 be approved and that the land be declared surplus to the City's needs.

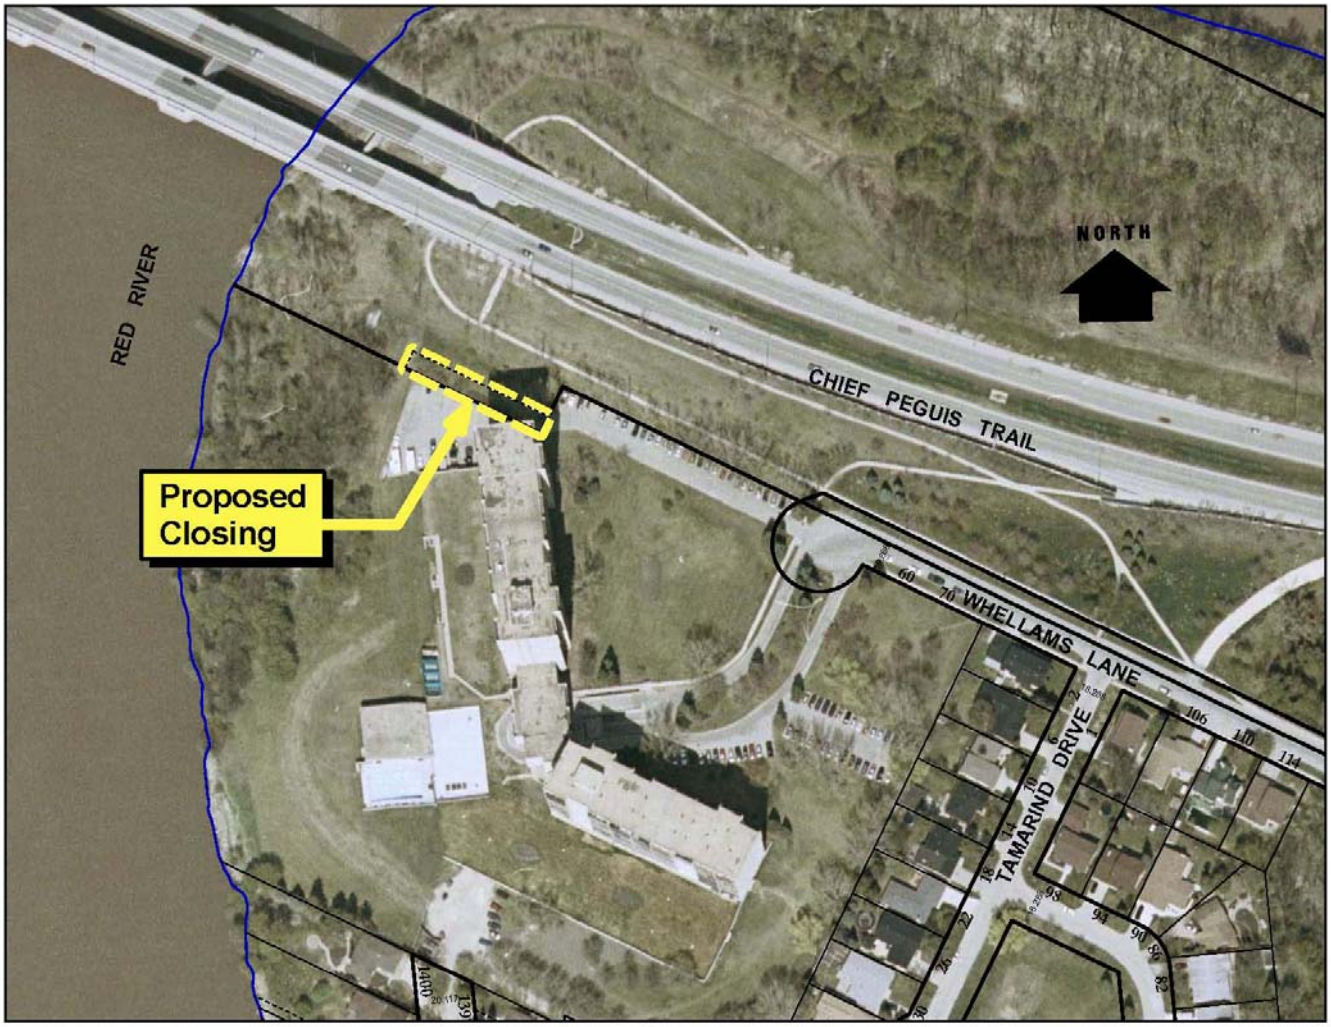

2. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the street closing in accordance with Misc. Plan No. 13561, subject to the approval of the Standing Policy Committee on Property and Development of the terms and conditions of the conveyance of the land.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the street closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Keith Rankin of Cooper Rankin Architects, representing Devonshire Properties Inc., to close and purchase the portion of Chief Peguis Trail so identified on the attached copy of Miscellaneous Plan No. 13561. The street, once closed, is to be incorporated into DAS 15/2009, an application to subdivide the adjoining property. The proposed closing area is required in order to accommodate the construction of a 22 storey apartment tower.

In exchange for this property, the applicant will be dedicating a portion of their holding for the westerly extension of the public lane north of Essar Avenue at Kildonan Drive. The opening

does not form part of this application. It will be dedicated as public right of way via DAS 15/2009.

The subject closing was originally dedicated as “Chief Peguis Trail” in 1992 by way of Plan No. 29115 WLTO. It does not form part of the paved roadway and is not used by the public for transportation purposes.

Reason for the Report

All street and lane closings require the consideration of the Community Committee.

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the closing.

Easements

No services have been identified within the proposed street closing. No easements will be required.

Conveyance of Street for $1.00

The area of the public lane being created by the subdivision exceeds the area of the street being closed. In accordance with City policy, the closed portion of Chief Peguis Trail will be conveyed to the Developer for the nominal sum of $1.00.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City’s name. The City is not entitled to dispose of the land until this has been done.
