RECOMMENDATIONS

1. That Council declare the City-owned property shown as "Proposed New Residential Building Lot" outlined on Misc. Plan No. 13575, attached, surplus to the City's requirements, with the portion shown hatched on 13575 to remain as parkland.
2. That subject to the approval of Recommendation No. 1, the Winnipeg Public Service be authorized to market the proposed new residential building lot for sale to the general public.
3. That the Proper Officers do all things necessary to implement the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

Approval of at least two-thirds of the members of Council is required for all sales of property designated or acquired for park or cemetery purposes.

HISTORY

On August 17, 1970, the City acquired the subject City-owned property through a Development Agreement between the City of Transcona and Dartmouth Developments Ltd. This Development Agreement outlined three properties with the boundary of McMeans Avenue, Redonda Street, Wabasha Street and the Canadian Northern Railway, which were to be transferred to the City for the consideration of $1.00.

The City received title to this property on September 23, 1971.

Particulars of the subject property are as follows:

Location:	40 Paulley Drive, as shown on Misc. Plan No. 13575
Legal Description:	Lot 20, Block 6, Plan 10690
Certificate of Title:	B83108
Roll No.:	9003113000
Assessed Value:	$15,200
Zoning:	PR-1 - Park
Size:	±10,476 sq ft

The subject City-owned property has been used as a small tot lot since the City acquired the property. Most of the play equipment on this tot lot, is old, outdated and no longer complies with CSA playground safety guidelines.

City Departments were canvassed to determine if they had any need or objection to declaring the property identified as “Proposed New Residential Building Lot” on Misc. Plan No. 13575 as surplus to the City’s requirements. No civic need was identified. In addition, the Department has consulted with the Ward Councillor who is supportive of marketing this property for sale.

The Parks Planning Branch supports this proposal, noting the following benefits:

- It responds to a need to remove and old, outdated, worn site furnishing and play equipment, most of which no longer complies with CSA playground safety guidelines.
- The proceeds generated from the sale of the land could help finance improvements of the nearby (Bay View Park – Kinsmen Legacy Park), more centrally located and larger multi-use site – including installation of new CSA compliant play equipment.

In view of the fact that no civic need has been identified for the subject City-owned property, the Planning, Property and Development Department is recommending that the property be declared surplus to the City’s requirements and that the property be marketed for sale to the general public.
