RECOMMENDATIONS

That the Standing Policy Committee on Downtown Development recommends to Council:

1. That the Public Service proceed with the issuance of an Expression of Interest and Qualifications (EOI&Q) for use of the Pantages Playhouse Theatre Complex.

2. That the Public Service be authorized to do all things necessary to effect the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

1. PAC has not established PPTC as a viable operation nor has PAC demonstrated in it's Business Plan future sustainable operations. As such, an EOI&Q would assess any qualified interest in use of PPTC.

2. EOI&Q preparation, evaluation, and any resulting award would consume approximately six months to a year before any proponent could begin operations.

3. PAC presently has leased out office space within the subject building. The Public Service would attempt to establish contractual agreements with the third party tenants within the building.

4. This alternative provides the City with potentially more flexibility, depending on proposals received, as well as ensures a competitive market bid price for use of PPTC.

5. This alternative likely results in PPTC remaining operational for the citizens of Winnipeg unless PAC becomes insolvent in the short-term.

6. While PAC is in default of numerous agreement clauses such that the City could terminate the Management Agreement immediately, it is recommended that the recent establishment of a 90 day written cancellation notice be adhered to as circumstances warrant.

7. Should PAC select to cease operations prior to January 31, 2010, the City would have to employ an alternative manager or mothball the PPTC in the short-term. If PPTC is to remain open for use, civic operation could be considered until a successful proponent is selected.

8. If an alternate use for PPTC cannot be found, the Public Service will re-assess strategic planning alternatives and report such alternatives and recommendations to the Standing Policy Committee on Downtown Development.

HISTORY

On January 28, 2009, Council concurred in the recommendation of the Standing Policy Committee on Downtown Development with respect to continued PAC management of PPTC by extension of the current annual management fee of $115,000.00 for one year to January 31, 2010, under the terms and conditions as contained in the existing Management Agreement but inclusive of a 90 day written cancellation notice by either party.

In addition, Council adopted the following items pertaining to the subject report:

1. That PAC prepare, at its sole expense, a valid business plan which demonstrates future self-sustaining operations no later than three years from commencement of the 2010 fiscal year.

2. That the City perform, at its sole expense, a Building Condition Assessment on PPTC to identify building deficiencies and, at the City's discretion, fund any remediation it deems appropriate. Further, that the condition assessment information be provided to PAC to assist in preparation of their Business Plan.

3. That the Public Service review and re-assess strategic planning alternatives for future operation of PPTC and, upon completion, report such alternatives and recommendations.

FINANCIAL IMPACT
