RECOMMENDATIONS

1. That the proposed street opening and closing as shown on Misc. Plan No. 12434/2 be approved and that the portion of the street proposed to be closed be declared surplus to the City's needs.

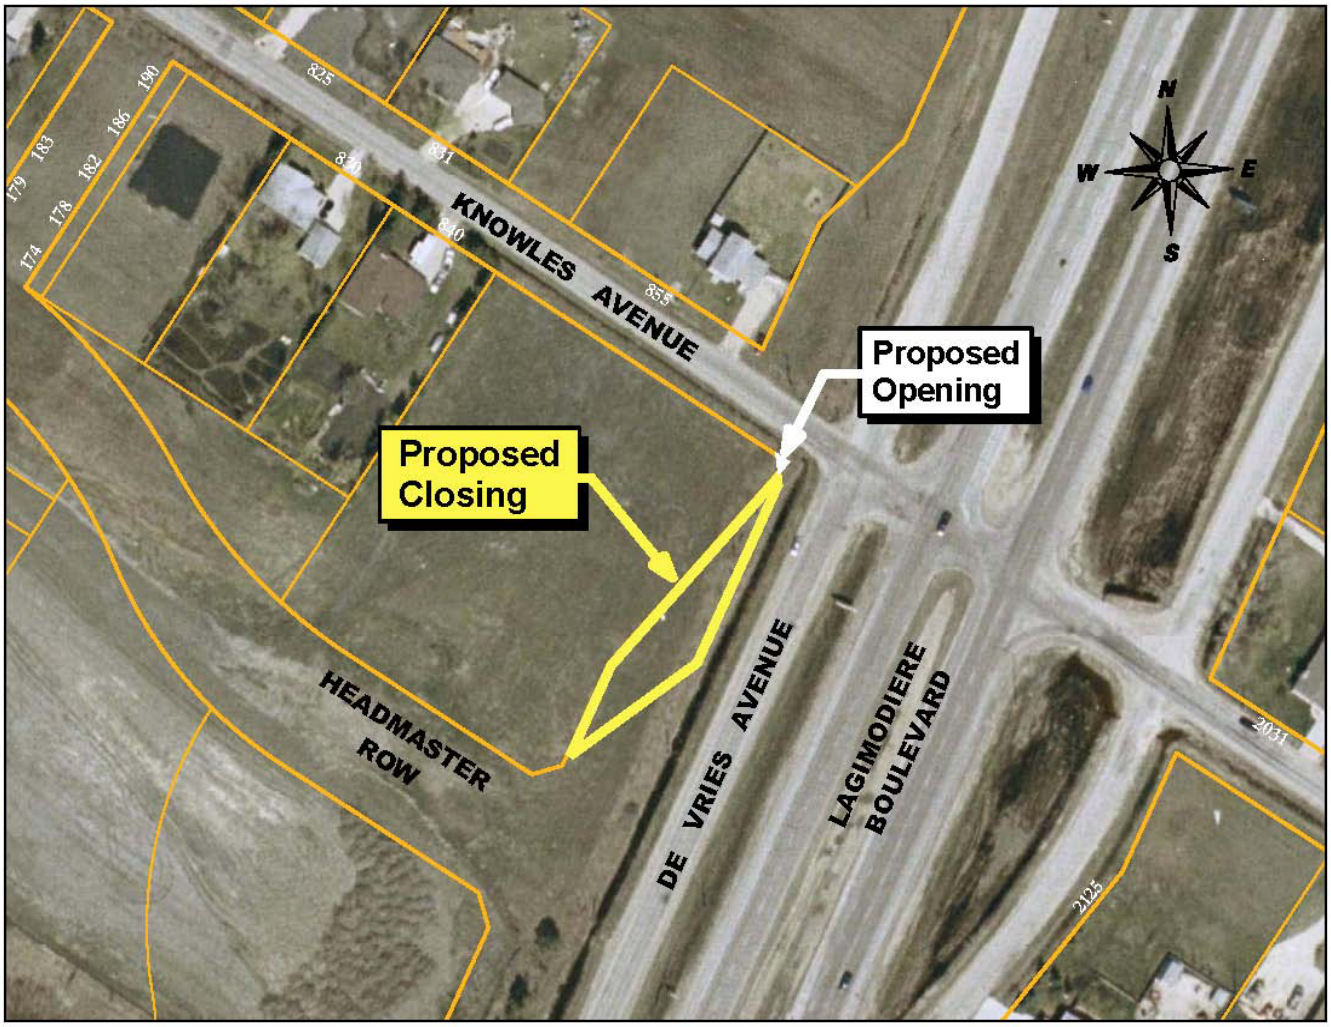

2. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the street opening and closing in accordance with Misc. Plan No. 12434/2, subject to the approval of the Standing Policy Committee on Property and Development of the terms and conditions of the conveyance of the land.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the street opening and closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Ms. Jackie Wilkie of McGowan Russell Group Inc., representing North Grassie Properties Inc, to close and purchase the portions of De Vries Avenue and Headmaster Row so identified on the attached copy of Misc. Plan No. 12434/2. As part of the application, a portion of the applicant's property will be provided for a 3m x 3m corner rounding and opened as public street as shown on the sketch.

The proposed closing is to be consolidated with the applicant's adjoining holding and used as site parking for the commercial development of the property. Part of the closing area is also to be used for landscape buffer purposes.

Parts of the subject closing were originally dedicated as "De Vries Avenue" in 1966 and "Headmaster Row" in 2006 by way of Plan Nos. 9173 and 45497 WLTO respectively. The closing area does not form part of the paved roadway and is not used by the public for transportation purposes. It has been declared surplus to the needs of the Public Works Department.

Reason for the Report

All street and lane closings require the consideration of the Community Committee, as do all street and lane openings which have not previously received approval by Council or a Standing Committee of Council.

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the closing.

Easements

Centra Gas Manitoba Inc. has identified services within the closing area and will require easements for these existing facilities. No permanent structures will be allowed within the easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
