Carried

EXECUTIVE POLICY RECOMMENDATION:

On July 15, 2009, the Executive Policy Committee passed the following resolution, namely:

WHEREAS the City may realize additional capital funds from the closure of old or complete capital projects;

AND WHEREAS the City would be in a better position to negotiate for federal and provincial infrastructure funding with a long-term list of design-ready projects;

AND WHEREAS external borrowing is an option to address the City of Winnipeg's infrastructure deficit, which will require a long-term list of projects that have gone through the detailed design process to realize full value;

THEREFORE BE IT RESOLVED that the City of Winnipeg's Public Works Department be directed to allocate one-time funding of $500,000 from its Unspecified Capital Account to the creation of a new "Detailed Design Capital Account" that will fund the resources required to accelerate detailed design work to ensure that design-ready projects are available in a timely fashion,

and submitted the matter to Council.
