From the City Solicitor/Manager of Legal Services,

Advising that the Doing Business in Winnipeg By-law is being amended to correct an oversight in the current version of the By-law. The report adopted by Council on April 23, 2008 which recommended the enactment of the Doing Business in Winnipeg By-law stated that "The licensing provisions for body modification establishments remain the same under the new by-law." However, the Doing Business in Winnipeg By-law failed to incorporate subsection 4(18) of the old License By-law, which provided:

> (18) No license may be issued to carry on the trade of a body modification technician unless the applicant first files with the Chief License Inspector evidence that the applicant holds a certificate issued by a Public Health Inspector not more than three years prior to the effective date of the certificate.

Submitting draft by-law to correct this oversight by amending the Doing Business in Winnipeg By-law to add the requirement set out in s.4(18) of the old License By-law, which by-law may receive all three readings. eFile EL-1 (By-law No. 108/2009)
