RECOMMENDATIONS

1. That the City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the street opening in accordance with the attached Misc. Plan No. 13625.

2. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

The dedication of this property as a public street requires a by-law pursuant to Section 139 of The City of Winnipeg Charter.

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

Costs associated with the street opening are the responsibility of the Public Works Department and are within the approved current and/or capital budget. There are no financial implications for the City of Winnipeg.

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street opening.

HISTORY

The Geomatics Branch of the Planning, Property and Development Department has made an application to open Disraeli Freeway at Point Douglas Avenue so identified on the attached copy of Misc. Plan No. 13625.

On September 24, 2008, Council concurred in the Report of the Standing Policy Committee on Infrastructure Renewal and Public Works approving the Disraeli Bridges Rehabilitation Project Conceptual Design Recommendation. The subject opening forms part of this design.

While researching the land assembly requirements for this project, it was discovered that Disraeli Freeway at Point Douglas Avenue is Old System land. It is now in order to regularize this inconsistency and bring the property under the operation of the Real Property Act by dedicating the land as “Disraeli Freeway”. The proposed opening area will also be widened by an additional 3.048m on either side of the existing 20.117m wide roadway in order to facilitate construction requirements for the bridge rehabilitation project.

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.
