RECOMMENDATIONS

1. That the attached agreement entitled “Amendment to the 2005 Agreement, Manitoba-Winnipeg Infrastructure Fund (MWIF)” be approved.

IMPLICATIONS OF THE RECOMMENDATIONS

Council approval of the agreement will allow the City to proceed with plans for a new or full refurbished bridge facility by minimizing traffic disruptions on the Disraeli.

HISTORY

Council approved construction of Disraeli as a DBFM on May 14, 2008 and on September 24, 2008, Council approved the recommendation that Concept Modified A be approved as the minimum requirement for Disraeli.

On September 30, 2009, Council approved external borrowing of up to $75 million to provide a substantial completion payment relating to the Disraeli Bridge Overpass Facility to replace, in part, private borrowing contemplated through the Design/Build/Finance/ Maintain (DBFM) model.

On October 7, 2009, the City of Winnipeg signed an agreement “Amendment to the 2005 Agreement Manitoba – Winnipeg Infrastructure Fund (MWIF)” which commits Provincial funding under the MWIF of $53.3 million commencing on April 1, 2010 to be

paid by annual instalments of $6.1 million in the first three years and $5 million thereafter.

The City has accounted for these amounts as a financing source in its proposed 2010 to 2015 capital budget under Contributions from Other Levels of Government – Manitoba Winnipeg Infrastructure Program. This amount will offset City funding requirements and allow for the additional funding required in the Disraeli capital project.
