Provide a detailed description of the planned project. Please refer to the Guide to Applicants Item 8.

The project is to provide continuity to the objectives of the North Kildonan Clean + Green Team. The prime objective of the team in January to May time segment is to remove the great amount of graffiti which has resurfaced since the Team finished its May to August work period. The removal of the graffiti sends the message that graffiti is always inappropriate & will be removed in winter as well as during warmer times. It also sends the message to the community that we care about the community the year round.
