The Objectives of the Project is very clear, that is to allow The Sudanese community cultural resources Centre at 129 Dagmar street, be Known for its location when there is visible sign written direct. And this project will accomplish those objectives if the direction for the sign is stated clear for whoever would like to find his/her way to the Centre easily. However, the project is meant for both new individual from community as well as the residents from all others areas of the City who would be willing to rent Hall for any occasion. The Project is actually not a big project which in need a very big amount of funding, but with the little amount of money have meaningful to accomplish by sign. Therefore, the project doesn't need annual maintenance, if there is any repaire needed, it should be a responsibility of the community to any means forfund for repairing. That is, to say this project doesn't need more specifications for it. But it could start when ever the fund is ready.
