From the City Solicitor/Manager of Legal Services,

Submitting communication dated January 19, 2010 advising that an amendment to the Residential Toilet Replacement Credit Program By-law is necessary because the by-law, as currently written, allows the Program to be accessed by owners of rental properties. This is an inadvertent drafting error as the report approved by Council at its meeting on September 30, 2009, which authorized the by-law, is clear that the Program is intended to be accessed only be individual residents who either own their own residences or, if they rent from a landlord, are responsible for paying the water bill. In particular, the report specifically states that one the of qualifications for the program is that "*the water bill must be in the name of the resident*."

Submitting draft by-law which may receive all three readings. eFile WW-2.3
