Big Brothers Big Sisters of Winnipeg

Presentation to:
Executive Policy Committee
City of Winnipeg
March 15, 2010

Big Brothers Big Sisters of Winnipeg has provided caring adult mentors for children and youth in our community for over 40 years. Mentors are matched with children in on-to-one or group matches that are screened, matched and continuously monitored by our agency.

The healthy development of every child is enhanced by positive, nurturing mentoring relationships. The results can be life-changing; helping children in need or at risk to develop into confident, caring adults and contributing members of society.

Big Brothers Big Sisters of Winnipeg served close to 500 children in our community last year. This includes a high percentage of children and youth from the core area, First Nations children and an increasing number of youth who are new Canadians.

An increase of violence and gang activity in our society is complicating the choices that children and youth from these areas are faced with. Those who are looking 'to fit in' or looking for an identity are attracted to such choices. Our agency makes a difference by providing positive role models; exposing them to an alternative lifestyle and a sense of hope for their future. We see our work as part of the "prevention" solution that has been shown to be more cost effective than later intervention or incarceration.

Research has shown that Youth mentoring is associated with positive outcomes such as:

- improvement in self-concept
- improved academic achievement and scholastic competence
- lower habitual relapse among juvenile offenders
- reductions in substance initiation and use
- improved relationships with parents and peers

Mentoring can have an incredible impact on a young person and not in a one-off/"band-aid solution". This is a long term commitment to life changing results.

We are reviewed regularly by our National organization to ensure we are meeting the standards set for us. These standards reflect our commitment to excellence and are some of the highest and most comprehensive standards in existence within the youth-serving non-profit community.

We do mentoring in a number of different ways.

The Big Brother/Big Sister program is our **'traditional'** program where an adult volunteer is matched with a child for friendship, support and guidance. Big Brothers/Big Sisters meet with their Little for a few hours every week or two, for a minimum of one year. Matches often last well beyond the first year as the benefits are realized by all. The matches we make here in Winnipeg actually last longer than the national average.

The **In-School Mentoring Program** matches elementary school children to a mentor for one hour a week at school during school hours. They spend time playing board games, or in the gym, arts and crafts, reading or talking. Teachers continue to tell us how different the children are when they return from their mentoring time.

There is also a teen mentoring component of this program as well, known as **Youth In School Mentoring**, currently working with four High Schools providing youth mentors for 4 elementary feeder schools. There is great interest from other High Schools in starting this program with their students in the coming year.

The **Ototema Program** is designed for youth who are currently involved with the justice system, either incarcerated at the Manitoba Youth Centre or who are serving a sentence in the community (i.e. probation.) Matches are one-on-one relationships with recreational/educational community activities.

The **Big Buddy** Program is available to children on the waiting list where "Big Buddy" volunteers are matched with a group of children, rather than just one. Big Buddy events run once a month.

We continue to build partnerships within our community with other social service agencies. Currently we are partnered with the Winnipeg school divisions for our In-School Mentorship program, the NEEDS Centre for War Affected Youth, Ka Ni Kanichihk and Manitoba Justice.

Operating funds for Big Brothers Big Sisters programs are provided from a variety of sources, including the United Way and the Province of Manitoba, but about half of our operating revenue comes from the Agency's own fundraising initiatives and as the need for our services continues to grow, we have to increase our sources of funding to keep up with the demand.

Our traditional one-on-one mentoring program is seeing incredible interest from new Canadians and we anticipate matching 40-50 new children or youth from that segment of Winnipeg's population alone this year. This new demand will cost approximately $50,000 a year.

We do not currently receive any City of Winnipeg funding, but hope you will see the benefits of our work in the community like you do other great service organizations and will support youth mentoring through an annual operating grant in the amount of $50,000 to support our work with new Canadians and other at-risk youth.

Without your support we will continue to seek out other funding sources so we don't have to say "no" to these young people who are seeking mentors in their lives.

The support we are requesting equates to less than $100 for every child or youth we work with in a year. A small investment given the impact that mentoring has on a young person's life.

We hope the City of Winnipeg will see the short-term and long-term benefits of such an investment and will approve funding to Big Brothers Big Sisters of Winnipeg for the first time.

Thank you for considering our request.

Vision

A mentor for every child

Mission

To provide children with mentors for friendship, support & guidance

Our vision is clear. Our mission is simple. With your support we can achieve both and continue to play a vital role in the lives of hundreds of children in our community.

Big Brothers Big Sisters of Winnipeg provides caring adult mentors for young people who are in need of a friend. Friendships are made to suit different situations; either in a one-to-one or group match.

Support Us!

Not sure you have enough time to be a mentor?

You can support Big Brothers Big Sisters of Winnipeg's programs in other ways too!

Visit our website for more details on how you can:

- make a donation
- help us recruit mentors
- donate gently used clothing or household items
- volunteer/participate in our events
- hold an event on our behalf

Be A Mentor

bigwinnipeg.com

Why Mentor?

Remember how good it felt to laugh out loud with a friend?

Remember jumping puddles to see who could jump higher?

Becoming a mentor lets you be a kid again, while showing a young person how fun being a kid can be.

Share Your Time!

Big Brothers Big Sisters of Winnipeg has different programs available; each with a different level of commitment.

It could be as little as a few hours once a month or up to one hour a week for a minimum of one year.

There is a program that will fit into your life today!

Be A Mentor!

Visit **www.bigwinnipeg.com** for more information on our programs and the mentor application process.

Get things started by filling out the inquiry form online or call the Big Brothers Big Sisters of Winnipeg office at **204-988-9200**.

"I used to be bummed out about not having a dad. Now I am doing awesome stuff with my Big Brother and I have a guy to talk to."

Little Brother,
matched 2 years

"The greatest good you can do for another is not just to share your riches but to reveal to him his own."
- Benjamin Disraeli

Otôtêma II is a new program designed to serve youth who are in conflict with the law.

Mentoring is a powerful method of increasing resiliency and addressing the needs of recreation, belonging and support. Through Otôtêma II we will provide mentors to youths who are either incarcerated at the Manitoba Youth Centre, or are being diverted from custody.

Otôtêma II

My friend

Mentoring Program for Youth in Conflict with the Law

"Things are going good. I love going boxing with my big brother and now that it is summer I'm looking forward to cruising down Portage with him in his mustang. Adam is fun to hang out with and he listens to me when I talk."

Tyler (13)-Current Little Brother

Benefits

Opportunity to influence a positive change in a young person's life.

Access to training and/or workshops.

Access to agency events and tickets.

Opportunity to learn about and participate in culturally appropriate Aboriginal teachings and ceremonies.

Orientation to the youth justice system for those considering a career in the justice system.

Costs to volunteers will be minimal or nil because the program is financially supported.

Process

Volunteer mentors are matched in a one-to-one relationship with a youth involved in some form of the justice system. The commitment is at least one year where visits should occur between 2-4 times per month for a few hours. The mentor's role is to be a positive role model and to spend time with the youth engaging in recreational and/or educational activities. One of the main goals of the program is for youths to be introduced to new and fun activities, which will help combat some of the negative influences that lead them to become in conflict with the law.

Youths:

- Are 12-17 years of age and come from different cultural, religious, socio-economic and family backgrounds. Youths reside in all areas of the city with a high percentage concentrated in the North End and Elmwood/East Kildonan areas.
- Participate in the program voluntarily and must want a Big Brother or Big Sister in order to be accepted.
- Will be thoroughly screened to ensure the safety of all those involved.

Process:

1. Intake, Application, References, Criminal Record and Child Abuse Registry Checks.
2. In-person interview with caseworker.
3. Two evenings of safety and mentor training.
4. ***If a custody match***: Attend for an orientation session at the Manitoba Youth Centre. A match introduction will then be scheduled to meet with the youth.
   If a community match: Attend our office for a pre-introduction with the youth's parent(s)/ guardian(s). A match introduction will then be scheduled to meet with the youth at our office.

ACTIV8

The Mentor In You

Active8 A BIG Difference

Vision

A mentor for every child.

Mission

To provide children with mentors for friendship, support and guidance.

Our mission is simple. Our vision is clear. With your support we can achieve both and continue to play a vital role in the lives of hundreds of children in our community.

Guiding Principles

We believe in the life-changing impact that a mentor can have on a child.

We believe that rigorous screening, matching, monitoring and training standards must always be maintained to ensure the safety of the children in our programs.

We believe that as a staff, or a volunteer, we must be respectful, caring and accountable in all that we do.

We believe that mentors, staff and children in our programs should reflect the cultural and ethnic diversity of our community and our commitment to the principle of inclusion.

We believe that the delivery of our services in the community will be strengthened by collaborative initiatives with other organizations sharing a commitment to our values.

President's Message

As I look back on 2008/09, my final year as President of the Board of Directors, there are so many achievements to celebrate. Early on in the year, we borrowed a theme from our National Board, the "Keepers of the Flame" and this theme ignited the fire that fueled our agency to grow, change and strengthen.

Our vision, a mentor for every child, carried us successfully through an accreditation review from our National Office, an independent HR review and a number of organizational changes.

It is our vision that allows us to succeed. In the last year, we continued to provide mentors for friendship, support and guidance. Over 455 children were able to realize the BIG difference that mentorship can make in their life. It is this success that I want to celebrate most, that the flame of mentorship has continued to burn with the help of all those who are the keepers.

Thank you to the Board, Keepers of the Flame, who provide guidance, leadership and ignite the spirit of mentorship.

Thank you to the Bigs, Keepers of the Flame, whose time, energy and commitment to our Littles continues to light the flame of mentoring.

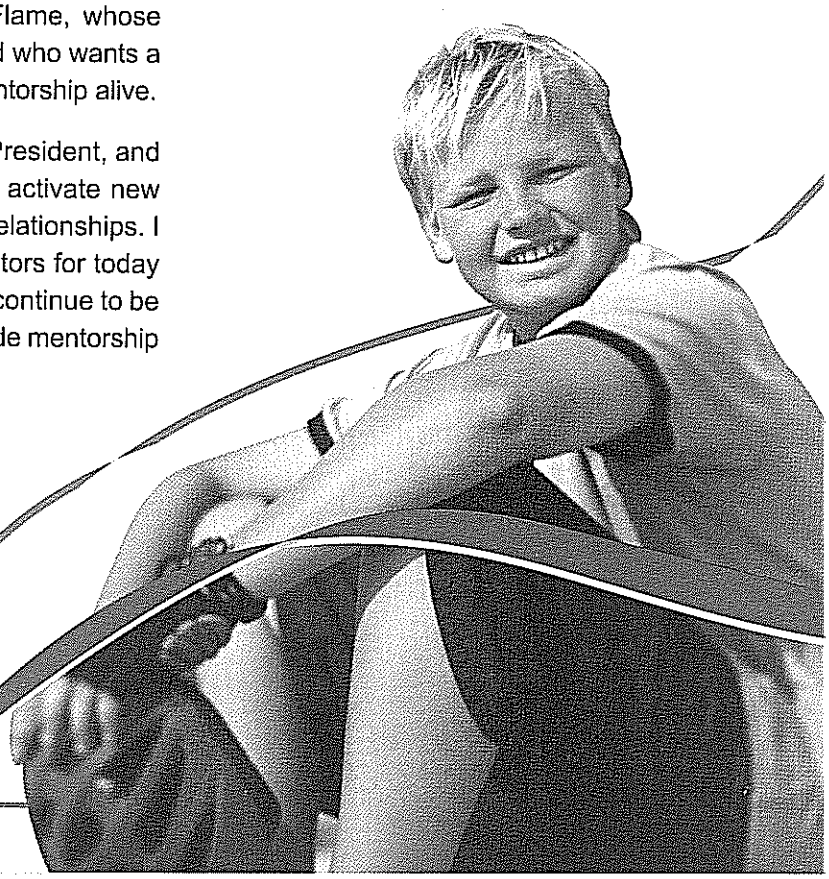

Thank you to the Littles, Keepers of the Flame, for their trust in BBBS of Winnipeg and their mentors to provide them with leadership and unconditional acceptance.

Thank you to our funders, Keepers of the Flame, who tend to the flame of mentoring in our community and allow it to grow, even when times may be difficult.

Finally, thank you to the agency staff, Keepers of the Flame, whose patience and commitment towards ensuring that every child who wants a mentor has a mentor, is the key to keeping the flame of mentorship alive.

An exciting year lies ahead for Michelle Boivin, incoming President, and the continuing and new Board of Directors. This year will activate new leadership, a new strategic plan, new programs and new relationships. I know that through their commitment they will activate mentors for today and the future. While I will miss my role as President, I will continue to be a keeper of the flame; always looking for new ways to provide mentorship for children and youth in this great city.

Denis Bourgeois
President, Board of Directors

"He's fun to hang out with, easy to talk to, funny and an awesome Big Buddy!"

The Big Smiles Collection Crew is a fundraising program that started two years ago and partners us with Value Village. We collect gently used clothing and household items year round to deliver to the various store locations. I would like to take the opportunity to thank everyone who has helped and supported this program from the beginning and welcome our new supporters onboard.

The program is running smoothly in its day to day operations. Our drivers and telephone representatives press on daily in their endeavors, and I really want to thank them all for the great work they do every day. Without them this program would not exist. At the end of the year we finished in a positive financial position and we were able to provide that funding to benefit Bigs and Littles in our community.

There are some great changes coming up in 2009-2010, with new charity partners, new bin locations and some really exciting things happening in the Value Village stores. Be sure to check www.bigwinnipeg.com frequently for bin locations and updates to the program.

Ian Buxton

The Year in Review

Reflecting back on this past year, it was filled with some challenges, some changes and many great new opportunities. Through it all, we are proud to say, we mentored 455 children and youth and continued to provide quality mentoring programs in our community.

Our Traditional Community Matching Program is strong and continues to provide mentors for children and youth for friendship, support and guidance. The In-School Mentoring Program saw 50 matches in the height of the school year. The Youth ISM Program was a great success with 16 youth from Transcona Collegiate mentoring children at Radisson Elementary School.

We continued many of our existing partnerships and this allowed us to serve children and youth in a variety of diverse programs. Through our partnership with Onashowewin, Macdonald Youth Service and Choices Youth program, we were able to serve youth who are involved in the Youth Justice System.

We once again partnered with the NEEDS Centre for War Affected Youth to mentor youth who have recently immigrated to Winnipeg.

With the help of Elder Mae Louise, the Empowering Our Little Sisters Program has provided Aboriginal girls and their families with mentors and traditional cultural activities. All of these programs contribute to our strategic goal of being a centre for mentoring excellence in Winnipeg.

The ongoing support of all of our funders and partners allows us to positively affect the lives of children, youth, and their families in a direct and substantial way.

Having a child tell us that their Big is a "part of my family for my whole life", the shy Aboriginal girl who beams proudly at the regalia dress she is making so she can be part of her first Pow Wow; these are what make your continued support and efforts worthwhile.

Above and beyond the day to day mentoring the Agency provides, there are special life changing opportunities for some of our clients through partnerships with other youth serving organizations.

Six children went to Disney World for one day with Air Canada's Dreams Take Flight Program. This opportunity allows them each a wish come true where previously an unreachable dream existed.

Tim Hortons stores in Winnipeg once again supported our Agency by sending 29 children to camp through funds provided by their Tim Horton Children's Foundation. Providing these children with lifelong memories of friendship, new activities and experiences and the belief that their lives hold many other possibilities. One Little Sister came home from camp and told me that on the last day, she and her friends threw one of her camp mementos in the ocean, so that part of her would always be there.

The Year in Review ...cont

The Canadian Tire Jump Start Program provided many of our youth with the chance to participate in sports and active living opportunities. This program helps families who may not be able to afford these opportunities for their children.

One of our Little Sisters, Shannon Closson, received a CIBC Youthvision Scholarship and was chosen from all the 2008 recipients to receive the Neil Morgan Award for volunteerism at a special ceremony in Toronto with her mom and Big Sister in attendance.

One of our Big Brothers, Garth Campbell, made his presentations for the Untied Way Speaker's Bureau very special this year. His Little Brother, Zac, was at his side at each and every presentation. This gave our United Way supporters a very firsthand example of the good work we do.

Our National Accreditation of the Agency took place in October 2008. This process is completed every five years and resulted in a positive outcome in the service delivery area. In the final meeting with the accreditors, we were advised that one of our strengths was "in the quality of the casework and programs within the Agency," and "the great mix of long term, caring people complemented by the caring and committed new staff".

As we move into the 2009-2010 year, it appears that we are well-positioned to see a marked increase in the number of matches we make; whether it is the traditional one-to-one relationship, the group mentoring,

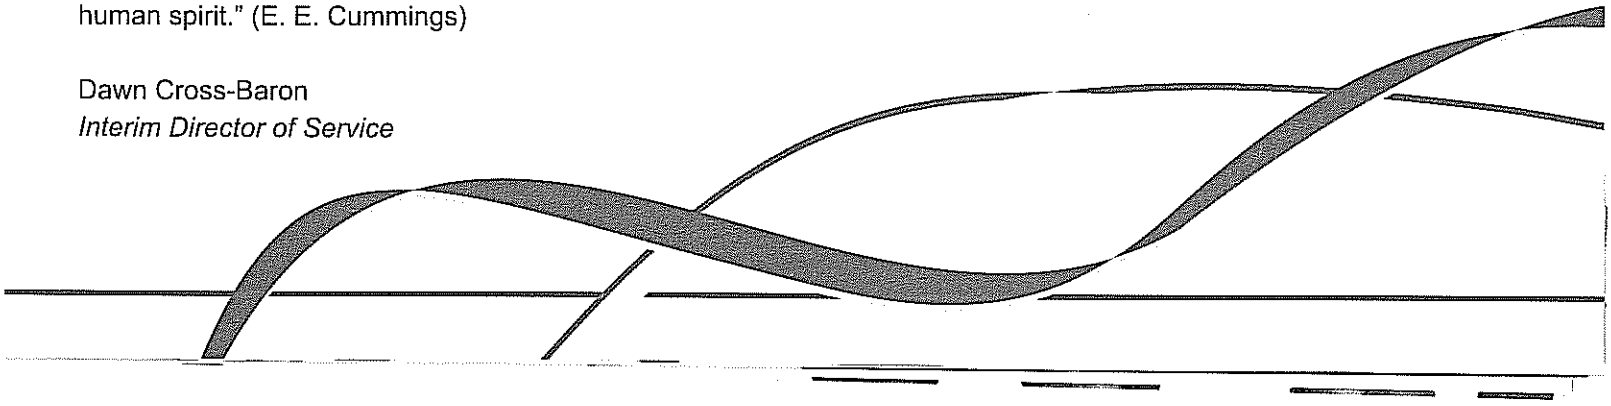

or site-based mentoring. The Ototema II and EOLS Programs are on the brink of a significant increase in matches for the coming year. The Empowering Justice Big Bunch Program will be coming to fruition early in the 2009-2010 fiscal year, and is expected to impact a large number of youth who have been identified as at risk for involvement in the Youth Justice System.

I wish to extend my sincere thanks and gratitude to all of the BBBSW staff for their unconditional support, hard work and enthusiasm. They have made it possible for the 2008-2009 year to end on a strong and positive note.

We wish to congratulate and celebrate with all of the mentors and volunteers in the Agency. Their contribution is more powerful than can sometimes be measured. The Agencey's Staff has no difficulty finding motivation from the many wonderful children, youth, families and volunteers that fill our lives with meaning and substance. We learn with them as we seek to provide children and youth with every tool they deserve to nurture their spirit, believe in themselves, and dream BIG for the future.

"Once we believe in ourselves, we can risk curiosity, wonder, spontaneous delight, or any experience that reveals the human spirit." (E. E. Cummings)

Dawn Cross-Baron

Active8 Your Generosity

Bowl for Kids Sake - $42,000

The third annual event was held on Saturday, February 21 at Academy Uptown Bowling Lanes. There were over 250 people in attendance and 38 teams competing on the lanes. Ace Burpee and Chrissy Troy from Hot 103 did a great job of hosting the event. New this year was our Media Challenge and the Bank Hour – these both added an element of friendly competition. The participants raised over $42,000 and everyone in attendance had a ball!

Climb For Kids Sake - $39,000

As a first time event, Climb for Kids Sake was a huge hit. We raised over $39,000 with the combined fundraising of Michelle Boivin, founder of CFKS and the event overall. Over 120 people participated in the pledge event held between April 11 - 21, 2008. The kick off was held at Portage Place Shopping Centre with radio and TV personalities alongside event participants in a warm up step class courtesy of YMCA - YWCA of Winnipeg. Everyone was excited to get their week of virtually climbing Mount Kilimanjaro underway. At the end of the event, we celebrated our success at the IMAX Theatre. All funds raised from this event will go towards our Find Your Dreams Fund. This fund will provide the opportunity for Aboriginal youth to participate in a dream of their choice.
