HISTORY

On September 28, 2005, Council gave first reading to By-law 158/05 to adopt the South St. Boniface Area Structure Plan as a Secondary Plan for 918 acres of land bounded by the Bishop Grandin Boulevard extension to the north, Lagimodiere Boulevard and the Island Lakes residential community to the west, the Perimeter Highway to the south and Plessis Road (the City Boundary) to the east; and directed that the Riel Community Committee conduct a public hearing respecting the proposed by-law and plan. It was ultimately passed by Council November 23/05.

On February 22, 2006 Council adopted the plan of subdivision proposed under File DASZ 51/2005 Phase 1 Sage Creek to rezone and subdivide 103 acres and is situated at the N.E. corner of the
future Warde Avenue extension and Lagimodiere Blvd. It is bounded on the east by the Manitoba Hydro Power Transmission Line. The northernmost periphery of the phase I plan area adjacent to the intersection of Lagimodiere and Sage Creek Boulevards as the Village Centre of 18.4 acres. A small portion of this area will be zoned to a Multiple Family category while the remainder (approx.16 acres) will be zoned C2 Commercial.

On July 11, 2007, Executive Policy Committee recommended the filing of the plan of subdivision proposed under File DASZ 10/2007 to rezone and subdivide a 3.12 acre parcel on the north side of Sage Creek Boulevard just east of Lagimodiere Blvd. The primary purpose of the rezoning is to accommodate the establishment of an office building, essentially the corporate head office of Qualico Developments. On May 15, 2007, the Riel Community Committee concurred in the administrative recommendation to create a 3.12 acre (1.26 hectare) lot and rezone it to " C2" Commercial category in order to facilitate development of an office building.

On September 26, 2007 Council adopted the plan of subdivision proposed under DASZ 21/2007 Phase 2 Sage Creek to rezone and subdivide 79.2 acres of land east of the MB Hydro right-of-way to extend Sage Creek Blvd and Warde Avenue to construct over 213 single family units and 118 multiple family dwelling units.

On November 21, 2007 Council adopted the plan of subdivision proposed under DASZ 32/2007 Phase 3 north of Sage Creek Blvd. and west of the Manitoba Hydro Transmission Line to rezone and subdivide 4.49 acres of lineal public reserve and three water storage areas , which have an overall total of 7.4 acres; the extension north of Boulevards des Hivernants which is 32m wide, extension north of Burning Glass Road to be connected with Dr. David Frieson Drive

On July 16, 2008 Council adopted the plan of subdivision proposed under File DAS 17/2008 Phase 3 Sage Creek to subdivide the existing "C2" Commercial site (created under DASZ 24/2007) on the west side of Burning Glass Road and North Side of Sage Creek, into two commercial parcels, and separate these parcels with a public lane against a multiple family parcel of 5.3 acres. The C2 Commercial have an area of 2.38 acres, and 3.18 acres, with Qualico's corporate offices established on the most northerly commercial parcel

On November 25, 2009 Council adopted the plan of subdivision proposed under File DASZ 12/2009 to rezone the northern half of an approximately twenty four (24) acre parcel north of Sage Creek boulevard between Lagimodiere Boulevard and Burning Glass Road from its current " RR-5" Rural Residential category to an " RMF-M" Multiple Family category and a " PR-1" Parks and Recreation category.

- Lot 1 the 9.44 acre “RMF-M” site will facilitate development of an approximately 300 unit multiple family housing complex.
- the proposed .60 acre “PR-1” lands are to be set aside as a green space buffer strip adjacent to Lagimodiere Boulevard.
- Lot 2 will be the remaining thirteen (13) acres adjoining to the south that will remain vacant and retain its “RR-5” Rural Residential zoning.

On February 24, 2010 Council adopted the plan of subdivision proposed under File DASZ 35/2009 Phase 4 Sage Creek to rezone and subdivide 39.9 gross acres of land situated at the N.E. corner
of Warde Avenue and Sage Creek Boulevard to construct approximately 40 multiple family units and 179 single family units.

RECOMMENDATION Approve with conditions

REPORT SUMMARY

- The proposed C2 land is within Lot 2 that is thirteen (13) acres of vacant land zoned "RR-5" Rural Residential zoning created under DASZ 12/2009.
- The proposed lot is contiguous with Phase 1 and does not involve the creation of streets.
- Winnipeg Fire and Paramedic is interested in potentially locating a fire hall on the proposed new lot.

SURROUNDING LAND USES AND ZONING:

North: To the north are open agricultural lands, zoned "RR-5" Rural Residential and set aside for future phasing of the Sage Creek Development.

South: To the immediate south is a zoned "C2" Commercial area that will constitute the proposed 18.4 acre Village Centre of the first phase of development .

West: To the west is Lagimodiere Boulevard and the Island Lakes residential neighbourhood zoned "R1" single family residential.

East: To the immediate east are several "C2" commercial parcels and a multiple family site between Dr. David Friesen Drive and Sage Creek Boulevard including an office complex.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- A 1.05 acre of Commercial land on the north side Sage Creek between Lagimodiere and Burning Glass Road would be created out of the overall the 13 acres that will remain zoned RR5 Rural Residential.
- A new fire hall is considered to be constructed at the site.

ANALYSIS AND ISSUES

SECONDARY PLAN

- The subject parcel is situated in an area designated under the Area Structure Plan for future commercial and/or residential use. It will eventually be part of what is described as an expanded village centre complex.

ZONING

- **C2 Commercial Community District** is intended to accommodate more intensive commercial sites that do not have a local or neighbourhood orientation.
    - The district is intended to include attractive commercial, institutional, recreational, and service facilities needed to support the surrounding neighbourhoods and the broader community.
    - C2 districts are generally located along collector streets, at arterial/collector intersections, or along portions of arterial streets with relatively shallow lots.
    - There is a rear yard requirement of 25 feet and a maximum building height of 49 feet.

    - Multi-family residential structures in the C2 district must meet the requirements of the RMF-M zone.

- **RMF- M Residential Multi-Family District - Medium** is intended to accommodate the development of multi-family units in neighbourhoods with medium to high residential densities.
    - There is a front & rear yard requirement of 25 feet and the maximum building height is 60 feet.
    - The minimum lot area per dwelling unit is 800 square feet per dwelling unit.

LAND USE BY-LAW

- The variances may be appealed to the Appeals Committee for a new public hearing, whereas the recommendation by Community Committee for a rezoning proceeds to Council for decision.
- The variance is for 'use' meaning it would allow the legal creation of lot (and the construction of the fire hall) to proceed immediately, prior to Council approval of the development application.

LAND DEDICATION

- When a developer rezones and/or subdivides a parcel of land, they are required to put in an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes.
- Land dedication has been accrued over all the first three phases and will continue to be accrued under this application.

RECOMMENDATION

- The Planning and Land Use Division recommends approval because, subject to the conditions stated in the section of this report titled "Recommendations," the proposed development and associated rezoning is compatible with the neighbourhood;

- The Servicing Agreement (AG 51/05) will need to be amended to add the proposed Commercial Site within the Planned Area for DASZ 3/10 to the ongoing calculation of the dedication of public open space for the Sage Creek Development;

- The land-uses are restricted to ensure any intensive commercial or residential developments that could occur in a C2 District (should the fire hall not be constructed) be thoroughly reviewed for the appropriate engineering / servicing requirements not considered during this application.

SCHEDULE B - REPORT OF THE ADMINISTRATIVE CO-ORDINATING GROUP

RE: PROPOSED SUBDIVISION OF LAND NORTH OF SAGE CREEK BLVD., EAST OF LAGIMODIERE BLVD., WEST OF BURNING GLASS ROAD (SAGE CREEK DEVELOPMENT PHASE 1B) – DASZ 3/10

Sage Creek Development Corporation has submitted an application to subdivide and rezone an approximately 1.05-acre parcel of land on Sage Creek Boulevard between Burning Glass Road and Lagimodiere Boulevard (Sage Creek Development Phase 1B).

This land is contiguous with Phase 1 of, and was originally intended to comprise part of the original Phase 3B of, the Sage Creek Development.

Phase 1 of the Sage Creek Development was developed under AG 51/05. The adjacent lands in Phase 3 were developed under AG 32/07 (an addendum to AG 51/05), and subsequently amended via AG 17/08 (an addendum to AG 32/07). Additional lands, identified as Sage Creek Phase 3B, were added to Phase 3 via addendum agreement AG 12/09 to AG 32/07. Phase 2 of the Sage Creek Development was developed under AG 21/07 (also an addendum to AG 51/05).

Because the proposed subdivision and re-zoning do not entail the creation of any new public right-of-way, it is recommended that the approval of DASZ 3/10 be subject to the Developer's entering into a fifth addendum to Development Agreement AG 51/05 with the City of Winnipeg, as follows:

Development Agreement Addendum AG 3/10 to Agreement AG 51/05

1. To add to AG 51/05 a copy of the Plan of Subdivision approved under DASZ 3/10;

2. To revise AG 51/05 and its addenda (AG 21//07, AG 32/07, AG 17/08, and AG 12/09), as required, to add the proposed Commercial Site within the Planned Area for DASZ 3/10 to the ongoing calculation of the dedication of public open space for the Sage Creek Development;

3. To add to AG 51/05 the requirement that the Developer construct, under the Private Access By-Law, as determined by and to the satisfaction of the Director of Public Works, all works necessary to provide appropriate access to the proposed fire hall, including a median opening in, and a private approach to, Sage Creek Boulevard – ONLY for the proposed fire hall.

4. To add to AG 51/05 the requirement that the Zoning Agreement for DASZ 3/10 limit the use of the private approach and median opening to the proposed fire hall.

5. To add to AG 51/05 the requirement that the Developer be required to pay $1,200.00 plus GST per acre of the proposed Commercial Site within the Planned Area for DASZ 3/10 (minimum $1,650.00) to defray the City's administration and related costs associated with the preparation and implementation of the new Addendum.
