That the proposed land exchange of "Parcel A and B – Land to be conveyed to the City" and "Parcel C and D – Land to be conveyed to Genstar", with Genstar Development Company or its nominees purchasing "Parcel A and Parcel B" from the City of Winnipeg at a price of $1.00 and the City of Winnipeg purchasing "Parcel C & Parcel D" at a price of $35,500.00 as shown on the attached Misc. 3. That the source of funding identified herein be approved for the acquisition of the subject property.

4. That the Proper Offices of the City be authorized to do all things necessary to implement the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

In September 2009, the City received a proposal from Genstar Development Company for a proposed land exchange as shown on Misc. Plan No. 13638/2.

Parcel A and Parcel B will be required by the City at some future date for the extension of the Chief Peguis Trail.

The Winnipeg Public Service has negotiated terms and conditions of this land exchange, which includes City owned lands commonly known as the former “Bergen Cut-Off” to the west of Pipeline Road, that are under Public Works jurisdiction.

The Public Works Department supports the land exchange as negotiated and has advised that adequate funding for this proposed land exchange is available in the Land Acquisition – Transportation Right of Way Program, Account # 003-181000-180603-1832000408-Property.

The Winnipeg Public Service has determined that the former “Bergen Cut-Off” land in question is not required for civic purposes.

No environmental issues are anticipated. However, as a precaution, the City’s proposed transaction will contain terms that protect the City’s interest regarding environmental matters.

HISTORY

In September 2009, the City received from Genstar Development Company a proposal for a land exchange as identified on Misc. Plan No. 13638/2.

At some future date, the City will require Parcel A & Parcel B – Land to be conveyed to the City as public street right of way to extend the Chief Peguis Trail east of Pipeline Road. Ensuing negotiations between the Winnipeg Public Service and Genstar have produced an agreement in principle to a proposed land exchange.

Genstar owns the property shown shaded as Parcel A and Parcel B on the attached Misc. Plan No. 13638/2 to the east of Pipeline Road which equates to 11.443 acres and the City owns the property shown as Parcel C and Parcel D on the attached Misc. Plan No. 13638/2 to the west of Pipeline Road which equates to 10.167 acres. The City’s will exchange 1.276 acres less than what it will be receiving from Genstar. The City property is under Public Works jurisdiction.

The Planning, Property and Development Department has determined that there is no civic need for the City owned property commonly known as the “Bergen Cut-Off” lands identified as Parcel C & Parcel D – Lands to be conveyed to Genstar on the attached Misc. Plan No.13638/2. The Department considers the land exchange to be equitable since the City will pay $28,000 per acre (Development Agreement Parameters) for lands acquired from developers for the purposes of roadways, for the additional 1.275 acres that the City will receive in this land exchange. The associated terms and conditions are considered reasonable and consistent with other land exchanges negotiated by the City.

In view of the fact that there is no civic need for the City owned lands identified as Parcel C and Parcel D – Lands to be conveyed to Genstar on the attached Misc. Plan No.13638/2, the Winnipeg Public Service is recommending that the property be declared surplus to the City’s requirements and that the property be included in a proposed land exchange agreement.
