Report - Standing Policy Committee on Property and Development - May 4, 2010

Item No. 3 Closing of the dell within 400 South Drive (Fort Rouge-East Fort Garry Ward) File DAC 2/2010

STANDING COMMITTEE RECOMMENDATION:

On May 4, 2010, the Standing Policy Committee on Property and Development did not concur in the recommendation of the City Centre Community Committee, concurred in the recommendation of the Winnipeg Public Service, as amended, and submits the following to Council:

1. That the street closing as shown on Misc. Plan No. 13759 be approved and that the land be declared surplus to the City's needs.

2. That policy of September 17, 1980, regarding the retention of all street ends providing access to rivers be waived.

3. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the street closing in accordance with Misc. Plan No. 13759, subject to the approval of the terms and conditions of the conveyance of the land by the Director of Planning, Property and Development and by Council.

4. That no development shall occur on the subject property prior to the approval of plans by the City Centre Community Committee.

5. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

RECOMMENDATIONS

1. That the proposed street closing as shown on Misc. Plan No. 13759 be approved and that the land be declared surplus to the City's needs.

2. That Council waive its policy of September 17, 1980, regarding the retention of all street ends providing access to rivers.

3. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the street closing in accordance with Misc. Plan No. 13759, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department and by Council.

4. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

Policy implication: Council will be required to waive its policy regarding the retention of street ends providing public access to rivers. As the land is not used for that purpose, and considering that access to the river is available through the public park a short distance away, the administration is recommending the closing of the public street.

There are no regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the street closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Timothy Kurbis of Taylor McCaffrey LLP, representing St. John's Ravenscourt School, to close and purchase "The Dell" so identified on the attached copy of Misc. Plan No. 13759. St. John's Ravenscourt wishes to acquire the right-of-way as an addition to their adjoining property for the long term interests of the School's planning and development.

"The Dell" was opened by Plan No. 1829 and registered in the Winnipeg Land Titles Office in June of 1912. The purpose of this right-of-way was to provide the area residents with access to the Red River for recreational purposes. In February of 1952, The Rural Municipality of Fort Garry passed By-law No. 3142 closing the portion of South Drive adjoining "The Dell" and vesting the property in the name of St. John's Ravenscourt School. The street closing was subsequently registered as Plan No. 5388 in the Winnipeg Land Titles Office. For reasons unknown, "The Dell" was excluded from the street closing and remains as a legally opened right-of-way.

While City policy is to retain street ends providing the public with river access, the absence of a specific pathway and the number of mature trees within the thoroughfare indicates that the area has not been used for this purpose in many years. Moreover, given the location of the thoroughfare within the School site, the area is not commonly thought of as an access point to the river by the public in any event. Access to the Red River is available through the public park immediately north of the School property.

APPENDIX "A"

Reason for the Recommendations

All street closings require the consideration of the Community Committee.

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street closing.

City Policy Regarding Street Ends Providing Access to a River

On September 17, 1980, Council directed that all street ends providing access to rivers be retained by the City. In the event that the sale of a street end is recommended, Council must approve the terms of the sale, and further, Council must waive this policy.

The administration is recommending the sale of this street end for the following reasons:

1. The land serves no apparent public purpose, and its location within property owned by St. John's Ravenscourt School essentially eliminates public access to the river.
2. The street exists only in a legal context as a designation of land as public right-of-way.
3. Access to the river is provided by the public park located immediately north of St. John's Ravenscourt School property.

Easements

There are no services within the closing area. No easements will be required.

Transfer of Jurisdiction Over Public Rights-of-Way

The street must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
