RECOMMENDATIONS

1. That Zoning Agreement under File DASZ 6/1993 dated July 22, 1993 (By-law 6222/1993), be amended as follows:

   A. That Clause 2 be deleted and the following substituted therefore:

   That with the exception of the parcel set aside as public reserve land and the land identified as Lot 2 under proposed DASSF 541/2009 (formerly Lot 3, Plan 29999) , no vehicular approach shall be constructed or used connecting any part of the land to Willowgrove Road

2. That the City Solicitor/Manager of Legal Services be requested to prepare the necessary Amending Agreement to Zoning Agreement DASZ 6/1993 (By-Law No. 6222/1993) as approved in aforesaid Recommendation 1.

3. That the Proper Officers of the City are hereby authorized to execute said Amending Agreement.

4. That the City Solicitor/Manager of Legal Services be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations in this report are implemented, a development permit can be issued for the redevelopment of the subject land, subject to the recommended conditions of approval.

HISTORY

In 1993, when the subject twelve (12) lot subdivision was established under DASZ 6/1993, there were a number of conditions outlined in the accompanying zoning agreement. For example under clause 4 of the aforementioned agreement, no buildings or structures were to be constructed on Lot 12, which was later essentially set aside as a public reserve strip. In addition, clause 2 specified that no vehicular approaches would be permitted from any of the lots in the subdivision onto Willowgrove Road.

RECOMMENDATION	Approve with conditions

REPORT SUMMARY

- The applicants have requested that Clause 2 of Zoning Agreement DASZ 6/93 be amended in order to legitimize an existing approach from the rear of their lot at 51 Courage Place onto Willowgrove Road. If successful, they will follow up with a short - form subdivision (DASSF 541/09) creating two lots, the new one of which will have primary access to Courage Place.

- The Planning Department supports the proposed amendment which would effectively legalize the existing approach to Willowgrove Road.

- The Planning Department , in conjunction , with all other City Departments circulated, also endorses the proposed short form subdivision . The creation of proposed lot 1 and the anticipated construction of a new dwelling on that site would fill in an unattractive gap in the cul-de-sac which has been there for years. The neighbourhoods apparently would regard the proposed lot split and addition of a new dwelling as a marked improvement over the current situation.

SURROUNDING LAND USES AND ZONING:

Existing Land Use and Zoning:

There currently is a two story dwelling and several accessory buildings occupying the site. The land is zoned " RR-2" Rural Residential.

Surrounding Land Use and Zoning:

Adjoining properties to the east and north are all occupied with newer dwellings and zoned " RR-2" Rural Residential. The lots, in this area , are all un-serviced and have either pump -out tanks or septic fields and wells or cisterns. Lands adjacent to the south are within the Rural Municipality of Richot and abut the floodway. Properties to the west , some of which are occupied with dwellings, lie along the Seine River and are either zoned " RR-5" Rural Residential or " RR-2" Rural Residential.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

The applicants have made two applications pertaining to the subject parcel of land. The first relates to the subject Zoning Agreement Amendment application; the approval of which will grant the applicants legal right to **maintain** access to their land via the approach to Willowgrove Road.

If the applicants are successful in amending clause 2 of the original agreement, they will proceed with DASSF 541/1009, which will effectively permit them to split Lot 3 into two parcels of equal area. Proposed lot 2, upon which sits the existing dwelling and accessory buildings, will have a private approach to Willowgrove Road; and proposed lot 1 will have frontage on Courage Place.

It should be noted that the applicants, in April 2009, were asked to submit a Pre- Application for review. They concurred with the City's request and subsequently all City Departments circulated (Water & Waste, Public Works, Fire Department, Waterways & the Winnipeg Floodway Authority) indicated that they did not have any opposition to either the proposed amendment or short form subdivision.

ANALYSIS AND ISSUES

The subject approach has served the dwelling at 51 Courage Place for over a decade with no discernable negative impact on the neighbouring community or Willowgrove Road itself. If the applicants were , at this point, denied the right to access Willowgrove Road, they would be forced to construct an alternative approach to Courage Place which would be over 500' in length. That would not, in our view, be an acceptable solution to either the applicant or the existing homes currently fronting onto Courage Place. It is therefore recommended that your Committee endorse the requested amendment to the original zoning agreement.

RECOMMENDATION

The Planning and Land Use Division recommends approval for the following reasons:

- The existing approach in question has been in place and utilized for over a decade.

- Willowgrove Road is an improved all weather road that is maintained by the City on a year round basis.
