DECISION MAKING HISTORY (continued):

COUNCIL DECISION (continued):

AND WHEREAS this much needed increase equals an impressive average increase in the WPS of nearly 20 new additional police positions a year for the last five years;

AND WHEREAS, not withstanding this tremendous increase in the police complement, due to both high call volumes and the new challenges that face modern policing, very often and at times such as weekends, the Winnipeg Police Service cannot guarantee that a police cruiser car will always be present in every ward of the city at all times;

AND WHEREAS via the annual City budget and taxation system, all of Winnipeg's communities contribute to the cost of the WPS and therefore ratepayers, no matter where they reside, deserve a minimum level of police presence at all times;

AND WHEREAS prior to Unicity, independent municipalities such as Transcona, Charleswood, or North Kildonan, just to name a few examples, were always guaranteed a minimum level of police presence at all times;

THEREFORE BE IT RESOLVED THAT Council establish a policy that clearly states, without exception, that the WPS will be required to maintain a minimum of one police cruiser car on duty in every one of Winnipeg's 15 Wards at all times;

AND BE IT FURTHER RESOLVED THAT the Winnipeg Public Service and the Winnipeg Police Service determine the resources that will be required to fulfill this new policy direction, with the goal of minimizing any new costs and maximizing the use of existing resources.
