Dear Ms. Timmins:

REZONING
Location: 1171 Fife Street, E.S.B. Machray/Church
Lord Selkirk-West Kildonan Community Committee
File No. DAZ 233/02

An application has been received from Deeley Fabbri Sellen Barristers, to amend By-Law No. 6400/94 by rezoning the land shown below from a “MP-2” Industrial District to a “M1-B” Light Industrial District to allow for the construction of a building for a Funeral Parlour use.

RELATED FILES: DAV1061/02D

SITE DESCRIPTION:

Site Area:

Overall site area is 27,608 sq. feet. There is 238' of frontage along Fife Street.

Existing Land Use and Zoning:

Currently zoned "MP-2" Industrial District. The land is vacant.

Surrounding Land Use and Zoning:

North: To the north is a mix of business uses , many owned by Forum Enterprises, all zoned MP-2 Industrial.

South: Similarly to the south the lands are generally occupied by industrial businesses, all zoned MP-2 Industrial.

East: To the east lying immediately adjacent is the Manitoba Hydro R.O.W. behind which is residential housing.

West: To the west are large industrial businesses like Clairmore Holdings zoned MP-2 Industrial.

DEVELOPMENT DESCRIPTION:

The applicants on behalf of an unknown funeral business wish to rezone the subject land to permit construction of a single storey 6600 sq. ft. funeral home. Forty seven external parking stalls are provided on the south side of the lot which exceeds the by-law requirement by almost 100%. The proposed assembly hall will hold up to a total of 128 people.

PLAN WINNIPEG:

The proposed use is a permitted industrial use in an area that is designated industrial Policy Area under Plan Winnipeg.

ADMINISTRATIVE COMMENTS:

Under the MP-2 Industrial Park Zoning, a funeral home is not a permitted use. However under the M1-B Industrial category which makes provision for a broader range of industrial uses while at the same time maintaining a high development standard, funeral homes are permitted. Given that the proposed use is an industrial use and is to be situated on a parcel of land(adjoining the Hydro R.O.W.) which is to small to accommodate most large businesses, the Planning and Land Use Division is able to endorse the subject application. It is also our view that the proposed use is generally compatible with the surrounding area.

RECOMMENDATION:

I. That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 233/02, attached hereto and dated, January 27, 2003, to a "M1-B"Light Industrial District.

II. That a 10 per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land, if applicable.

III. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

IV. That the City Solicitor be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

V. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Act.

Chairperson and Members
Lord Selkirk - West Kildonan Community Committee

1171 Fife Street - DAZ 233/2002 and DAV 1061/2002D

I reside at 1190 Church Avenue, just west of McPhillips Street.

While I am not opposed to granting of the above applications, I would like to place on record my concerns with respect to the additional traffic that will be created as a result of approval of a funeral home on the subject site.

Both Church and Machray Avenues, between McPhillips and Fife Streets, are quiet, residential streets that are home to a number of children. Machray Avenue and McPhillips Street is the location of Andrew Mynarski School and is already a busy intersection given there are traffic control signals at the intersection. In addition, emergency vehicles from the Fire/Paramedic Station already utilize both streets.

I would request that any approval of the above applications that the Community Committee might consider appropriate contain a provision that all access/egress to and from the site be restricted to Fife Street AND NOT CHURCH OR MACHRAY AVENUES.

Thank you for your consideration.

Carol R. Freeman
