RECOMMENDATION: Approval

REPORT SUMMARY:
- The applicant seeks approval to amend the existing zoning agreement to remove accessory outdoor dining/drinking area as a prohibited use
- The Planning and Land Use Division recommends approval

SURROUNDING LAND USES & ZONING
The subject property is located on Stradbrook Avenue, between Osborne and Nassau Streets, in the Osborne Village neighbourhood of the Fort Rouge-East Fort Garry Ward.

North: Surface parking lot zoned "C2" PDO - Neighbourhood Main Street Commercial District
South: Residences zoned "R2" Two-Family District
East: Commercial use zoned "C2" PDO - Neighbourhood Main Street Commercial District
West: Apartment building zoned "R2" Two-Family District

BACKGROUND
ZAA 2/2009
In 2009, City Centre Community Committee amended the zoning agreement for the subject property to allow for the establishment of a restaurant with an accessory cocktail lounge (drinking establishment), in an existing building. The restaurant proposed included a dining room, with seating for 26 people, a cocktail lounge, with seating for 18 people, and an open kitchen, with seating for 4 people. The hours of operation proposed were Tuesday to Saturday from 11:30AM to 12:00AM and Sunday from 12:00PM to 9:30PM.

At the public hearing for this item, a neighbouring resident indicated that he was concerned about potential noise if an outdoor patio was added in the future.

In response to these concerns, Community Committee added a condition to the zoning agreement prohibiting the future establishment of an outdoor dining/drinking area (patio).

At this time, the applicant seeks approval to have this condition removed so that they can establish a small (16-17 seat) outdoor dining/drinking area starting this summer. (ZAA 3/10)

DESCRIPTION OF THE PROPOSED DEVELOPMENT
The applicant seeks approval to remove condition #2, in order to establish an outdoor patio. Condition #2 currently reads as follows:

Prohibited Uses
The land and building or structure thereon shall not be used for any of the following uses:
An accessory outdoor dining/drinking area

The applicant indicates that the patio would be small (16-17 seats), would not have any outdoor music, and would close by 10pm every evening.

ANALYSIS
Zoning
The Planning and Land Use Division recommends that this condition be removed, in light of the fact that an outdoor dining/drinking area is already a conditional use in the Zoning By-law.

To that point, if the Committee wishes to set conditions/restrictions on this use, it can be done through the conditional use application process.

Compatibility
The proposed patio is small (16-17 seats) and will be located on the most easterly portion of the site, on the opposite side from the adjacent apartment building.

Additionally, an attractive patio space has been constructed which will create privacy and help with noise abatement (see Figure 2).

Finally, the applicant has indicated that the patio will close by 10pm every evening.

From experience, it seems that the perception of harm from outdoor patios is much different from the reality. Case in point is the two outdoor patios that were approved on Academy Road last summer. Both of these patios were highly controversial for fear of noise, public drunkenness, and traffic. After operating for almost a year, neither patio has received one complaint.

Osborne Village Neighbourhood Plan
The Osborne Village Neighbourhood Plan, which was adopted as By-law by City Council, expresses a desire to create a dynamic, pedestrian oriented environment that respects and reinforces the character of the area. To that point, Policy 3.1.1.C.6 says:

"Encourage the development of gathering places and active areas, such as pedestrian plazas, outdoor seating areas, and patios at prominent, highly visible locations"

To that point, the proposed use meets the intent of the Plan and more closely aligns the plan vision with reality.

Conditions
Given that the zoning agreement was approved less than one year ago and given that there is some concern about this use among adjoining residents, while the Division is recommending approval of both the zoning amendment agreement and accompanying conditional use application, we are also recommending that the conditional use be approved for a one year trial. After that time, the applicant may reapply to extend approval for a longer period of time.

RECOMMENDATION

The Planning and Land Use Division recommends the Zoning Agreement be amended for the following reasons:

- The proposed use is consistent with the intent of the Osborne Village Neighbourhood Plan
- The proposed use is small and measures are being taken to mitigate any impact on adjoining properties
- The proposed use is already a conditional use in the Zoning By-law and if the Committee wishes to set conditions/restrictions on this use, it can be done through the conditional use application process.
