Minute No. 386
Councillor Wyatt asked when the budget process would be started. Councillor Fielding stated that the Operating Budget was just finished in March and that within the next number of weeks it would be decided when the 2011 budget process would begin.

Councillor Wyatt noted that in the past the Administration started work on the budget no later than July and inquired when direction would be given in terms of what type of budget should be prepared.

Councillor Fielding replied that no decisions had been made and that he hoped to have some scheduling details imminently.
