RECOMMENDATIONS

1. That the proposed street corner closings as shown on Misc. Plan No. 13755 be approved and that the land be declared surplus to the City's needs.

2. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the street corner closings in accordance with Misc. Plan No. 13755, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the street corner closings are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Les McLaughlin of Pollock & Wright, representing Manitoba Housing and Renewal Corporation, to close and purchase the portions of the public street corners identified as Parcels "A" and "B" on the attached copy of Misc. Plan No. 13755. The detailed design plans for rights of way in this area have indicated that the radii transitioning from Kenaston Boulevard onto both Bison Drive and North Town Road could be reduced to 35m, thereby creating surplus land for development purposes. The street corners, once closed, will be incorporated into development applications to subdivide the adjoining property: Parcel "B" within DASSF 515/2010 and Parcel "A" within a pending subdivision of underlying application DASZ 3/2009.

The subject property forms part of the Waverley West Northeast Neighbourhood Area Structure Plan originally processed under application DASZ 1/2006 and approved by Council on December 6, 2006. The proposed closings were opened by Plan No. 46838 and registered in the Winnipeg Land Titles Office in December of 2007. These rights of way exist in a legal sense only and are not physically in place.

APPENDIX "A"

Reason for the Recommendations

All street and lane closings require the consideration of the Community Committee.

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street corner closings.

Easements

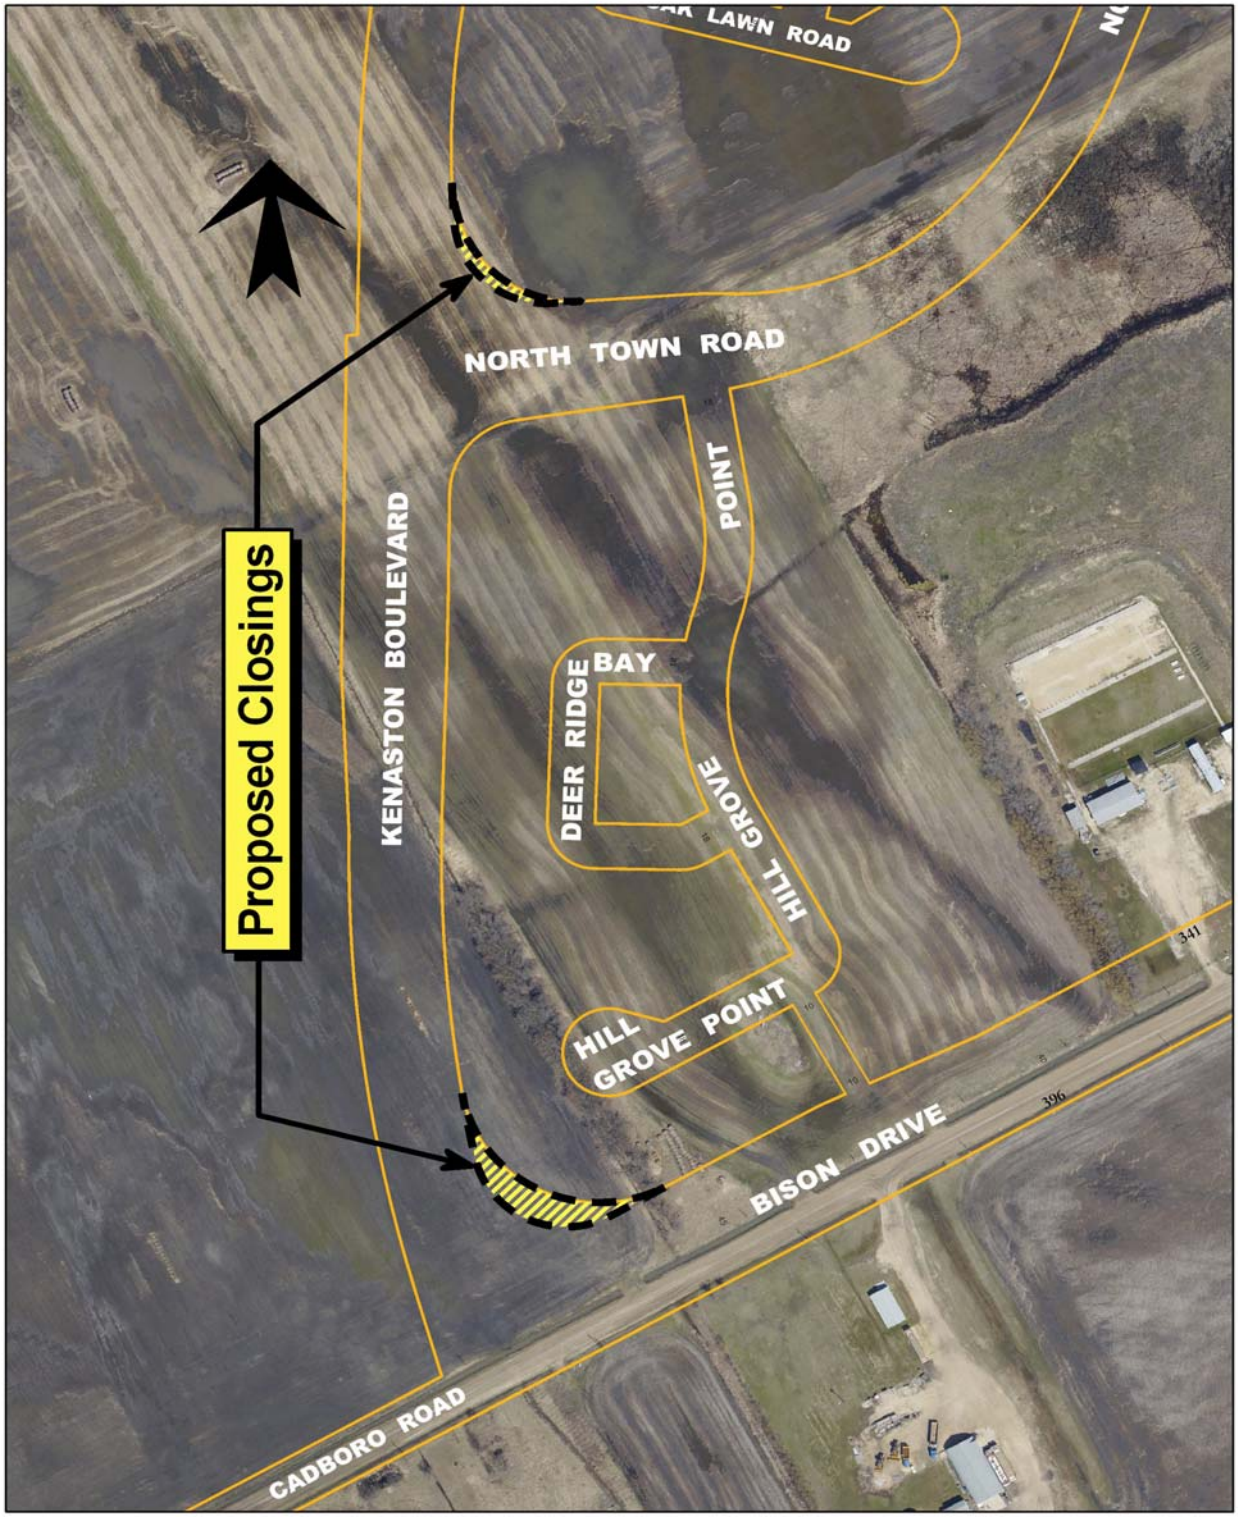

Manitoba Hydro has identified requirements for future development within the closing areas and will require easements for their facilities.

No permanent structures will be allowed within the easement areas.

Transfer of Jurisdiction Over Public Rights-of-Way

The street corners must be legally closed before they may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
