RECOMMENDATIONS

1. That Council declare the portion of City park lands adjacent to 21 Iroquois Bay, as outlined on the attached Misc. Plan No. 13385/4 as Area A, surplus to the City's requirements.
2. That subject to the approval of Recommendation No. 1, approval be given for the exchange of the City-owned lands, shown outlined on Misc. Plan No. 13385/5 as "Area A" for lands owned by the owners of 21 Iroquois Bay, as shown in broken outlined as "Area B", in accordance with the terms and conditions of the attached Land Exchange Agreement.
3. That the Proper Officers of the City be authorized to do all things necessary to implement the intent of the foregoing.

IMPLICATIONS OF THE RECOMMENDATIONS

No other Civic need for the subject property was identified.

The Planning, Property and Development Department have concluded its negotiations for the exchange of the subject City-owned property and the property owned by 21 Iroquois Bay as outlined on Misc. Plan No. 13385/5, and is recommending that the Exchange Agreement (attached) be approved. The Purchasers will be responsible for all costs associated with a plan of subdivision, subject to Council declaring the property surplus to the City's requirements.

Approval of at least two/thirds of the members of Council is required for all sales of property designated or acquired for park or cemetery purposes.

The owners of 21 Iroquois Bay will acquire the approximate area identified as "Area A" on Misc. Plan No. 13385/5 attached hereto, for consolidation with the residual portion of their adjoining holding at 21 Iroquois Bay for the sum of $6,300 DOLLARS, plus applicable Goods and Services Tax. The City will acquire the approximate area identified as "Area B" – Land to be conveyed to the City for the sum of $1,750.

The owners of 21 Iroquois Bay shall pay a fee of approximately $920.00 for the City to undertake the restoration of the ecologically significant natural area characterized by the planting of native shrubs and herbaceous species and bollard installation within "Area B".

HISTORY

The subject City-owned property was originally park and part of the Windsor Park Golf Course.

Adjacent property owners at 21 Iroquois Bay have expressed interest in purchasing the subject property subject to consolidation with their holding.

The lands obtained by the City are located on the edge of the Seine River and have been identified by the City as being valuable from an Environmental and use perspective. Acquisition of this land would protect the health and integrity of the river environment.

The Save Our Seine River Environment Inc. (SOS) have long been stewards for the river and share the City's interest in protecting environments on and adjacent to the river, and therefore support this land exchange.

17. The Cheys will permit the City, at the City's discretion and expense, before the date of possession, to conduct or have conducted on its behalf an environmental assessment together with any soil testing and analysis required of "Area B". The Cheys acknowledge and agree that should the City determine that there are environmental concerns or contamination, the City may elect to cancel the proposed sale of "Area A" and the Agreement contemplated herein.
