RECOMMENDATION: Approval

REPORT SUMMARY

- The applicant has applied to subdivide the 21,701 square feet of land into two parcels (10,476 square feet and 11,225 square feet).
- The northeastern section of the Planned Area (11,225 square feet) will be maintained as passive park with a connection to the future 'Transcona Trail' active transportation pathway to the north.

- The southwest section, which backs onto the rear public lane, will be a 10,476 square feet lot and rezoned to R2 to facilitate the construction of a two-family residential dwelling.

SITE DESCRIPTION

- The subject property is **21,701 square feet** located on the north west corner of Paulley Drive, west of Bayview Place and north of Dowling Avenue East in the Kildare - Redonda neighbourhood of the Transcona Ward.
- The site is zoned **PR1 Parks and Recreation 1 (Neighbourhood) District.**
- Adjacent properties include under utilized lands to the north zoned **'A' Agricultural** where the City of Winnipeg will be constructing the 'Transcona Trail' as an Active Transportation pathway; two-family dwellings to the east zoned "R2 Residential Two Family District"; and single family dwellings to the east zoned **R1-M Residential Single-Family District – Medium**.
- Directly west across the rear public lane and along Wayota Street is two-family dwellings zoned "R2 Residential Two Family District.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- Maintain the northeastern section of the Planned Area (11,225 square feet) as passive park with a connection to the future 'Transcona Trail' active transportation pathway to the north.
- Rezone the 10,476 square feet in the southwest section, which backs onto the rear public lane, to facilitate the construction of a residential dwelling.

ANALYSIS AND ISSUES

PLAN WINNIPEG

The proposed concept complies with Plan Winnipeg in that a residential rezoning is allowed in Neighbourhood Policy Areas.

ZONING

- **R1-M Residential Single-Family District – Medium** minimum lot sizes of 3,500 square feet are required.
    - Side yards of 4 feet are required.
    - Front yard requirements are 15 feet; rear yard requirements are 25 feet.
    - Maximum building height is 35 feet.

- **PR1 Parks and Recreation 1 (Neighbourhood) Distric**t is intended for sites that are generally passive neighbourhood and community parks and facilities with predominantly pedestrian and cyclist access.
    - These sites may provide unstructured drop-in play and recreation opportunities, including play structures, passive parks, plazas and natural areas.
    - Generally, no parking facilities are associated with these uses.
    - These parks and open spaces typically occur in a residential neighbourhood or riverbank context and are generally accessed by residential streets.

- **R2 Residential Two Family District** is intended to accommodate the development of single and two-family units and where appropriate limited multi-family units in lower density neighbourhoods.

- There is a front yard requirement of 20 feet and the maximum building height is 35 feet.
- Side yards are minimum 4 feet.
- The minimum lot width is 25 feet and lot area 5,000 square feet (2,500 per dwelling unit).

COMPATIBILITY WITH SURROUNDING USES
The lands directly west across the rear public lane and along Wayota Street are two-family dwellings zoned “R2 Residential Two Family District. All the lands on the north side of Paulley Drive two-family dwellings to the east zoned “R2 Residential Two Family District” from the Planned Area to just east of Bayview Place.

OPEN SPACE
There are several passive and active open spaces in the Kildare - Redonda neighbourhood. These open spaces range in scale from ‘pocket parks’ measured in a few square feet to large open fields of a few acres. Of note is the 5.4 acre Bayview Park that is 185 metres (600 feet) away from the location of Planned Area subject to this development application; and the Oxford Heights Community Centre that is 450 metres (1492 feet) away from the location of Planned Area subject to this development application. These would both be deemed ‘walkable’. It should be noted that there are no firm policies regarding the appropriate amount, type and location of open space required in new and existing Winnipeg neighbourhoods.

LAND DEDICATION
- When a developer rezones and/or subdivides a parcel of land, they are required to put in an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes.
- The amount of lands is not less than 10%. The developer will provide land or ‘cash in lieu’ as determined by the Planning, Property and Development Department.
- If dedication is ‘cash in lieu’ of land, then the developer is required to pay the City its share of the costs of landscaping and services that it would have expended had a dedication of the land been made, which will equal 10 %.
- ‘Cash in lieu’ of land will be required under this development application.

REASONS FOR RECOMMENDATIONS

The Planning and Land-Use Division supports rezoning the property to residential to allow the construction of a residential dwelling. The proposed use is consistent with the adjacent properties on the nearby streets and on Paulley Street.
