STANDING POLICY COMMITTEE ON

INFRASTRUCTURE RENEWAL AND PUBLIC WORKS

QUESTION PERIOD

Minute No. 445

Councillor Thomas referred to the public refuse collection bins in her area, noting that some are "Take Pride" containers and some are not. Councillor Thomas advised that the refuse in the northeast quadrant is picked up privately as part of the contract, whereas in every other part of the City, it is picked up by City forces. She further advised there seemed to be some reticence on the service provider to pick up in the area even though the contract says they were responsible for picking it up on a regular basis. Councillor Thomas noted that she was calling every two weeks to have the garbage picked up and questioned what could be done to rectify the situation. Councillor O'Shaughnessy replied he would take the question under advisement.
