COMMUNITY COMMITTEE RECOMMENDATION:

On September 7, 2010, the Lord Selkirk - West Kildonan Community Committee concurred in the recommendation of the Winnipeg Public Service and recommends to the Standing Policy Committee on Property and Development:

1. That Zoning Agreement under File DASZ 22/2008, approved by Council on October 22, 2008 be amended as follows:

   A. That Clause 2. A. ii. be deleted and the following substituted therefore:

      That no structure on the subject land shall exceed six (6) storeys in height.

2. That the Director of Legal Services and City Solicitor be requested to prepare the necessary Amending Agreement to Zoning Agreement DASZ 22/2008 as approved in aforesaid Recommendation 1.

4. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

The Lord Selkirk - West Kildonan Community Committee provided the following supporting reasons for its recommendation:

1. Although the subject application is regarding an allowance for building height from four (4) to six (6) stories, the proposal is not a six (6) storey building replacing a four (4) storey building but instead is for a facility that steps up to six (6) stories in height at the furthest location to the street.

2. The subject proposal for assisted living is a more attractive development and has resulted in less concerns expressed that the original proposal for the site prior to the current zoning agreement amendment application.

REPORT SUMMARY

SURROUNDING LAND USES AND ZONING
North: Ridgecrest Avenue, then single-family residences zoned "R1-M" Residential
South: Undeveloped land zoned "R1-E" Single-Family Estate Residential
East: Red River
West: Single-family residence and undeveloped land zoned "R1-E" Single-Family Estate Residential

DESCRIPTION OF THE PROPOSED DEVELOPMENT
- The proposed development will be for a 6 story, seniors residential care home with 169 suites with 48 surface parking stalls and 33 underground parking stalls.
- The building height steps back from the street in a series of terraces beginning with 2 storey height stepping back to 3 storey height and then 4 to 6 stories at the furthest location to the street and the existing single family dwellings on Grifindale Bay

ANALYSIS AND ISSUES
ZONING (BY-LAW 200/2006)
- **R1-M Residential Single-Family District – Medium** minimum lot sizes of 3,500 square feet are required.
    - Side yards of 4 feet are required.
    - Front yard requirements are 15 feet; rear yard requirements are 25 feet.
    - Maximum building height is 35 feet.

- **RMF- M Residential Multi-Family District - Medium** is intended to accommodate the development of multi-family units in neighbourhoods with medium to high residential densities.
    - There is a front & rear yard requirement of 25 feet and the maximum building height is 60 feet.
    - The minimum lot area per dwelling unit is 800 square feet per dwelling unit.

LAND USE BY-LAW
- An amendment is required for the Zoning Agreement which currently restricts building height to four (4) storeys.

RECOMMENDATIONS
The Planning and Land-Use Division supports the amendment to zoning agreement to allow the construction of a six (6) storey residential dwelling:

- The location and design of the residential development will require plan approval from the LSWK and Director of Planning, Property and Development - - a process that still ensures that the building height will step back from the street in a series of terraces beginning with 2 storey height stepping back to 3 storey height and then 4 to 6 stories at the furthest location to the street and the existing single family dwellings on Grifindale Bay
