REASON FOR THE REPORT

- The applicant has applied to rezone and consolidate the land to maintain a one story building for a financial planning company previously approved under DASZ 49/2006.
- DASZ 49/2006 was not followed through to completion by the former applicant.
- Within that time period, a building permit was issued and a commercial building was constructed under the premises that DASZ 49/2006 would be completed prior to final occupancy permit.
- Land ownership subsequently changed in 2007 and the new registered owners need to proceed with this application to ensure compliance with Zoning By-law 200/2006.

IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations of the Planning and Land Use Division are concurred in, the land-use will comply with Zoning By-law 200/2006 in that the current zoning district for the land does not allow commercial land uses.

HISTORY

January 15, 2007 The East Kildonan-Transcona Community Committee approved DAV 06-163776/D an application for a 'use' variance and to allow two parking stalls with abutting aisle way in the northwest corner of the lot; and recommended approval of DASZ 49/2006.

February 21, 2007 Council approved DASZ 49/2006 an application to Rezone and consolidate two lots for a commercial use to allow the applicant to construct a one story building for a financial planning company.

July 9, 2007, The East Kildonan-Transcona Community Committee concurred in the administrative
recommendation and approved the site plans for 2165 Henderson Highway as submitted for a one storey, 2792 square foot building, with three parking stalls in the front yard and 8 parking stalls in the rear yard along the south side of the lot.

REPORT SUMMARY

- The applicant has applied to rezone and consolidate the land to maintain a one story building for a financial planning company previously approved under DASZ 49/2006.
- DASZ 49/2006 was not followed through to completion by the former applicant.
- Within that time period, a building permit was issued and a commercial building was constructed under the premises that DASZ 49/2006 would be completed prior to final occupancy permit.
- Land ownership subsequently changed in 2007 and the new registered owners need to proceed with this application to ensure compliance with Zoning By-law 200/2006.
- The commercial zone is appropriate to allow this commercial use.
- Similar conditions as recommend under DASZ 49/2006 are being recommended including site plan approval by the East Kildonan – Transcona Community Committee.

SITE DESCRIPTION

- The subject property is **5,858 square feet** located on the south east corner of Henderson Hwy and Glenway Avenue in the River East neighbourhood of the North Kildonan Ward.
- The site is zoned **R1-L Residential Single-Family District – Large**.
- Adjacent properties include a commercial property to the south zoned "C2" Commercial District and residential properties to the east zoned "R1-5.5".
- Directly west across Henderson Hwy is City of Winnipeg owned land used for a transit loop.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- Maintain the existing one story, 2602 square foot office building with eight (8) parking stalls in the rear yard and two (2) parking stalls in the front yard.

ANALYSIS AND ISSUES

PLAN WINNIPEG

The proposed concept complies with Plan Winnipeg in that a commercial rezoning is allowed in Neighbourhood Policy Areas.

SECONDARY PLAN

The North Henderson Hwy Secondary Plan boundaries include the subject lands. The overall goal of the secondary plan is to retain the rural residential character of Henderson Hwy by retaining the single family dwellings. This Secondary Plan makes a provision to allow the rezoning of this vacant, residential land to commercial. The proposed rezoning will complete the block of land between Glenway and Emerson as commercial; and is compatible with the existing land-use on the west side of Henderson Hwy.

ZONING (BY-LAW 200/2006)

- **R1-L Residential Single-Family District – Large** minimum lot sizes of 5,500 square feet are required.
    - Side yards of 4 feet are required.
    - Front yard requirements are 15 feet;
    - rear yard requirements are 25 feet.
    - Maximum building height is 35 feet.

- **C1 Commercial Neighbourhood** is intended to accommodate small, compact commercial uses within or surrounded by residential areas that are attractive and compatible in scale and character with surrounding residential uses, to serve the convenience needs of the surrounding neighbourhood.
    - This district is not intended to accommodate businesses sized or designed to serve a trade area more than one-half mile from the business.
    - C1 districts are generally located along local streets or at local/collector intersections.
    - There are no yard requirements.
    - Maximum building height is 39 feet.

COMPATIBILITY WITH SURROUNDING USES

The lands directly west across Henderson Highway are owned by the City of Winnipeg and used for a Transit Loop. These lands are zoned residential. Any redevelopment to a residential use would likely result in flankage along Henderson Hwy with frontage on to Glenway Ave.

A similar commercial land use to the south is a single story commercial building with parking in the rear and landscaping in the front yard. The design of this building resembles a residential dwelling. The lands directly east are single family residential and conflicts between the proposed

commercial use and the existing residential use can be mitigated through landscaping and fencing.

LAND DEDICATION

- When a developer rezones and/or subdivides a parcel of land, they are required to put in an application with the City of Winnipeg.
- As a condition of rezoning or subdivision, a developer is required to contribute a portion of the land to be developed to the City for parks purposes.
- The amount of lands is not less than 10%. The developer will provide land or 'cash in lieu' as determined by the Planning, Property and Development Department.
- If dedication is 'cash in lieu' of land, then the developer is required to pay the City its share of the costs of landscaping and services that it would have expended had a dedication of the land been made, which will equal 10 %.
- 'Cash in lieu' of land will be required under this development application.

REASONS FOR RECOMMENDATIONS

The Planning and Land-Use Division supports rezoning the property from residential to commercial. The proposed use is consistent with the adjacent property to the south that fronts Henderson Hwy.

Similar conditions as recommend under DASZ 49/2006 are being recommended including site plan approval by the East Kildonan – Transcona Community Committee.
