Re: Canterbury Park, south of Kildare Avenue and east of Ravenhurst Street – DASZ 42/87

Council at its meeting held on May 31, 1989 approved DASZ 42/87 being an application by Novamet Development Corporation to subdivide and rezone approximately 240 acres of land located south of Kildare Avenue and east of Redonda Street. A copy of the approved plan is attached hereto and identified as Map 1. At the Developer's request, Council at its meeting held on August 2, 1989, approved the registration of the approved plan of subdivision in phases in accordance with the plan attached hereto and identified as Map 2. To date only the following portions of the approved plan of subdivision have been registered:

i) All of Phase 1,
ii) The Public Reserve southeast of Murdoch MacKay Collegiate,
iii) 20 lots on Chadwick Crescent in 1999,
iv) 13 lots on Redonda Street in 1999, and
v) 40 lots on William Gibson Bay and Sherbo Cove in 2001.

Due to unfavourable market conditions the Developer has decided not to register Phase 2 at this time. The Developer however has advised that he could service and market ±57 lots on William Gibson Bay, John Duncan Drive and Edmund Gale Drive as shown on Map 3. The administration has reviewed the Developer's proposal and deems it acceptable from servicing and access perspectives even though the subject land is located within Phase 4.

The Developer has also advised that the lots on William Gibson Bay will require construction of single-family homes with double attached front drive garages. The City's Private Approaches By-law 6546/95 prohibits the construction of private approaches to serve property zoned residential where there is an alley (lane) to serve that property unless the relevant Community Committee approves the construction of those private approaches. The Developer has therefore requested the approval of non-conforming private approaches to allow for front drives for Lots 1 to 15 on William Gibson Bay.

It is therefore recommended that:

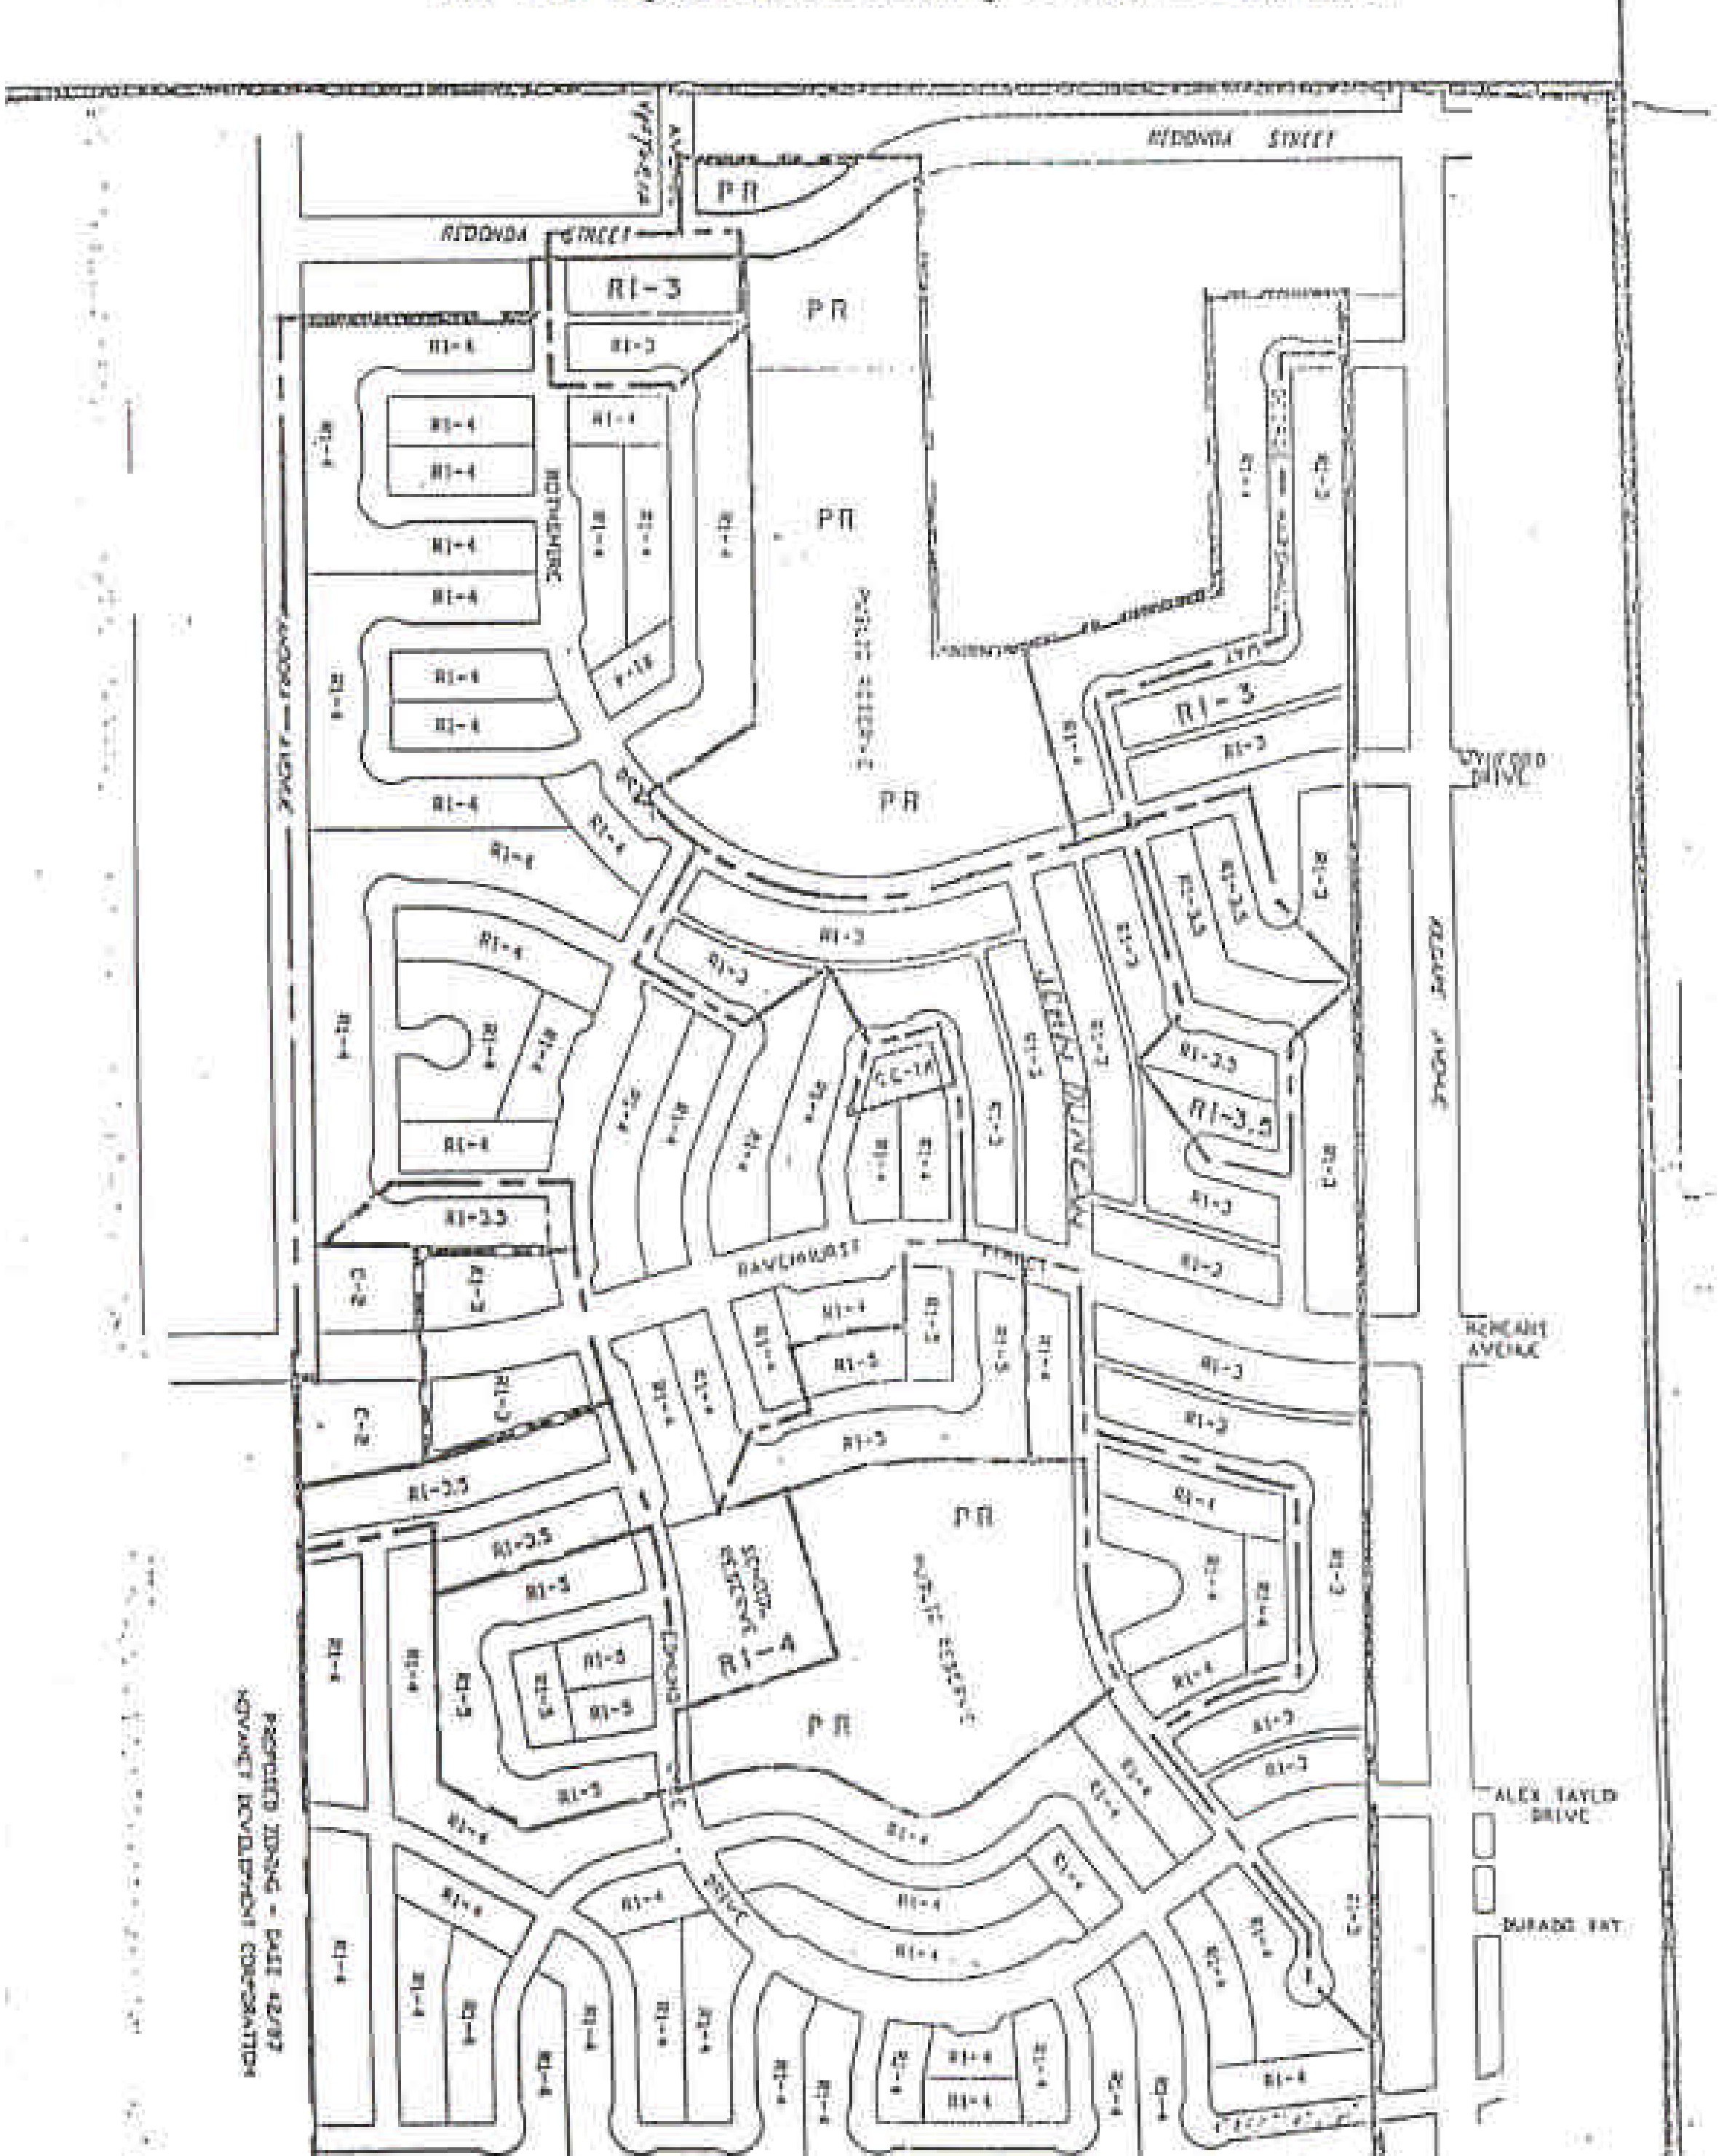

1. The phasing plan approved by Council on August 2, 1989 be amended to allow Phase **1.f** as shown on Map 3, and
2. The construction of private approaches to serve Lots 1 to 15 on William Gibson Bay as shown on Map 3 be approved.
