That Rule 10(3) of The Procedure By-law No. 50/2007 be suspended in order that the following item, which was received less than 96 hours preceding the committee meeting, be considered by Committee.

**Report - Standing Policy Committee on Property and Development – December 6, 2010**

**Item No. 15 Subdivision and Rezoning – 765 Keewatin Street (785 Keewatin Street) - DASZ 32/2010 [c/r DAV 162621/2010D] (Point Douglas Ward)**

STANDING COMMITTEE RECOMMENDATION:

On December 6, 2010, the Standing Policy Committee on Property and Development concurred in the recommendation of the Lord Selkirk - West Kildonan Community Committee, and submits the following to Council:

1. That the plan of survey proposed under File DASZ 32/2010 be approved for preparation as a plan of subdivision by a Manitoba Land Surveyor in accordance with Schedule "C" for File DASZ 32/2010 dated November 23, 2010 with such minor changes as may be required, and for registration in the Winnipeg Land Titles Office.

2. That The Winnipeg Zoning By-law No. 200/06 be amended by rezoning proposed Lot 1 of Schedule "C" with amendments and revisions contained therein for File DASZ 32/2010 dated November 23, 2010 to a "C3" Commercial Community District subject to the following:

    A. That the applicant enter into a Zoning Agreement with the City pursuant to Section 240 (1) of The City of Winnipeg Charter to include the following conditions:

        i. That, for the development of any building, accessory parking area, private approach, garbage enclosure, fencing, landscaping or signage, plans, showing the location and design of the proposed building, accessory parking area, private approach, garbage enclosure, fencing, landscaping and signage, must be submitted to the Director of Planning, Property and Development for approval prior to the issuance of any building or development permit, and thereafter all to be developed in accordance with the approved plans and maintained to the satisfaction of the Director of Planning, Property and Development.

**Report - Standing Policy Committee on Property and Development – December 6, 2010**

ii. That, for proposed Lot 1 of Schedule "C" the following uses shall be deemed conditional uses:

iii. That, for proposed Lot 1 of Schedule "C" the following uses shall not be permitted:

a. call entre
b. auction room
c. car wash
d. fleet services
e. landscape / garden contractor or production
f. private club, not licensed greater than 10,000 square feet
g. restaurant greater than 5,000 square feet.

iv. That there shall be no advertising signs, mobile signs, poster signs and A-frame signs on proposed Lot 1 of Schedule "C", except that a mobile sign shall be permitted on said lot for a period of thirty (30) days in association with a new occupancy permit.

v. That there shall not be any private approach to the planned area from Dorset Street.

vi. That illuminated signage on proposed Lot 1 of Schedule "C" shall not face the easterly limit of said lot, directly (perpendicular to said easterly limit) or at an angle.

vii. The Developer shall grant to the City an easement on Lot 1 for the pedestrian path connecting Dorset Street to the Sir William Stephenson Library lands, and shall pay all associated surveying costs;

viii. The specific location and configuration of the Lot 1 Dorset Street path and associated easement will be determined by the Director of Planning, Property, & Development and the Director of Public Works in consultation with the Developer, and will be based on safety-of-access considerations, design requirements, (connecting the west side of Dorset Street and the east side of Lot 2), Universal Design standards, and minimizing the impact on private property;

ix. The Developer shall, prior to the issuance of an occupancy permit for the proposed building on Lot 1, complete the construction of the proposed section of the Dorset Street to Sir William Stephenson Library, as determined by, and to the satisfaction of, the Director of Planning, Property and Development and the Director of Public Works;

x. The Developer shall indicate, in all applicable site plans, the intended construction of the future Dorset Street to Sir William Stephenson Library path within the designated easement;

xi. If the proposed Development should include condominiums, The Developer shall include in the condominium agreements a description of the proposed Dorset Street to Sir William Stephenson Library path and the requirement that the path is to be accessible to the general public, and shall provide the City with a copy of the condominium agreement;

**Report - Standing Policy Committee on Property and Development – December 6, 2010**

3. That a ten percent (10%) dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in market value of the land.

4. That the Director of Planning, Property and Development be authorized to certify any documents in connection therewith.

5. That in the event the application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of the report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twenty-four (24) month period and the extension is subsequently approved by Council.

6. That the Director of Legal Services and City Solicitor be requested to prepare the necessary by-law in accordance with the above.

7. That the subdivision section of the by-law shall come into force and effect upon registration of the Plan of Subdivision in the Winnipeg Land Titles Office.

8. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

9. That the Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

10. That in the event the necessary City of Winnipeg mylar approval signatures have not been secured within twelve (12) months after adoption of the by-law, the matter shall be deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twelve (12) month period and the extension is subsequently approved by Council.

11. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

7. That the subdivision section of the by-law shall come into force and effect upon registration of the Plan of Subdivision in the Winnipeg Land Titles Office.

8. That the zoning section of the by-law shall come into force and effect when the Plan of Subdivision has been registered in the Winnipeg Land Titles Office.

9. That the Plan of Subdivision shall be approved and signed by the Director of Planning, Property and Development within two (2) years of the date of passage of the aforementioned by-law.

10. That in the event the necessary City of Winnipeg mylar approval signatures have not been secured within twelve (12) months after adoption of the by-law, the matter shall be

deemed to be concluded and shall not be proceeded with unless an extension of time is applied for prior to the expiry of this twelve (12) month period and the extension is subsequently approved by Council.

11. That the Director of Legal Services and City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

## REASON FOR THE REPORT

This report is for consideration of the application for approval of a Plan of Survey and rezoning to allow the establishment of a medical clinic and day care centre.

The Winnipeg Public Service recommends approval of the application, with modifications, because it generally conforms to Plan Winnipeg.

A variance application must also be approved for the proposed development to proceed/

## IMPLICATIONS OF THE RECOMMENDATIONS

If the recommendations are implemented, the proposed development would have to be modified before a development permit can be issued.

## HISTORY

In 1994, Council approved the subdivision and rezoning application under File DASZ 3/1994, which rezoned the portion of the planned area that is north of the parcel in which a library is located and lands to the north and west to a commercial zoning district. To address the concerns of residents living east of the lands to be rezoned, a condition of approval was that a zoning agreement, that prohibits motor-vehicle access to the site from Dorset Street, be entered into. The rezoning and subsequent development took place and the zoning agreement was registered as a caveat on the aforementioned portion of the planned area, which is Lots 7 and 8, Plan 31266, and on other lands.

## CONSULTATION

Consultation with the Water and Waste and Public Works Departments indicated a servicing agreement need not be entered into with the developer.

| **RECOMMENDATION:** | Approval with Condition(s) |

**REPORT SUMMARY**

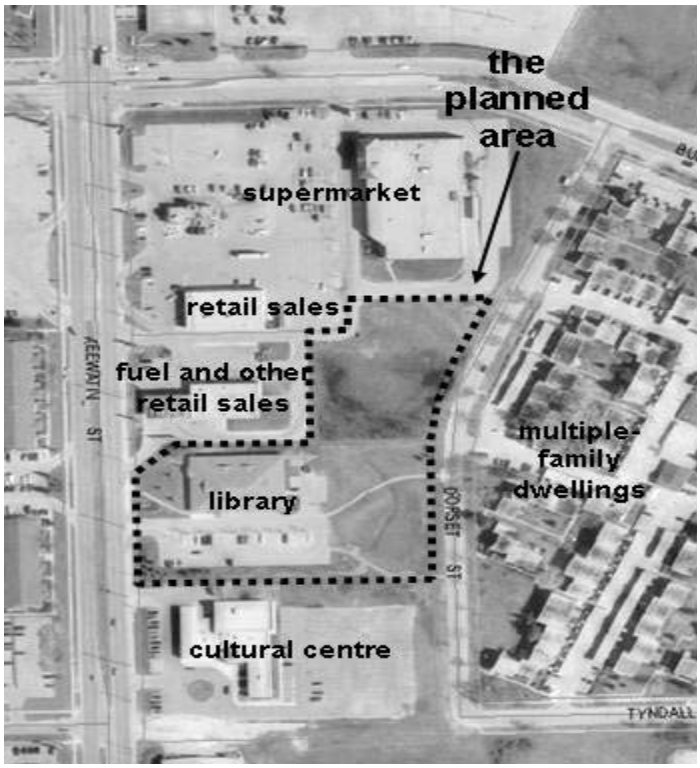

- The planned area (the site): is in the Burrows-Keewatin Neighbourhood and the Point Douglas Ward; is immediately west of Dorset Street and immediately north of 737 Keewatin Street; and is approximately 3.7 acres.
- The proposed plan of survey and rezoning are recommended for approval with the modifications that a plan of subdivision is created instead and that it, and the proposed rezoning, conform to Schedule "A" of this report so that the plan is clearer and the rezoning is more compatible with the neighobourhood.
- The recommended conditions: that a zoning agreement requiring plan approval by the Director, restricting signage and prohibiting motor-vehicle access to the planned area from Dorset Street; and that land be allocated for a public path and that said path be constructed by the developer; are to ensure the proposed development is quite compatible with the neighbourhood.

**THE PLANNED AREA (THE SITE)**

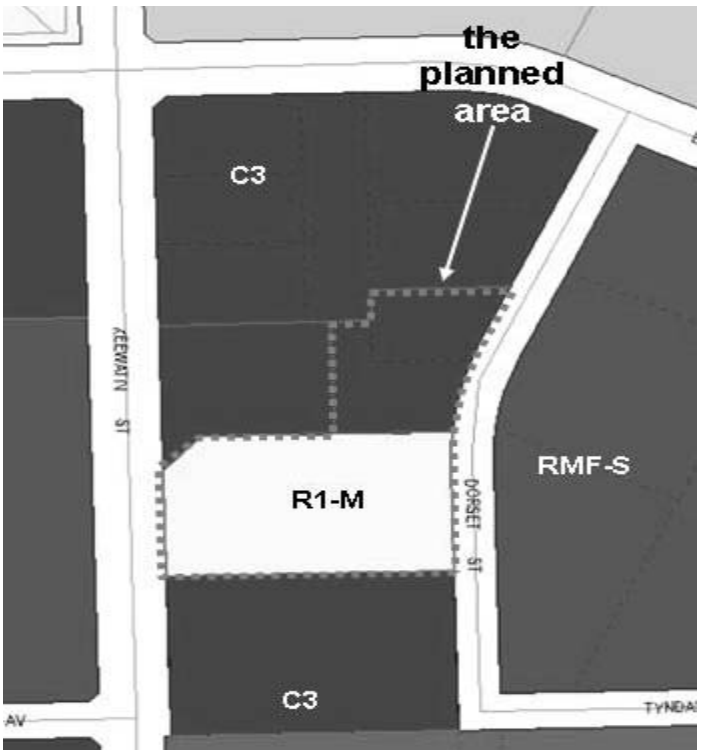

The planned area (the site) is:

- in the Burrows-Keewatin Neighbourhood and the Point Douglas Ward;
- immediately west of Dorset Street and immediately north of 737 Keewatin Street; and
- approximatey 3.7 acres.

The image to the right identifies existing land uses on 2009 aerial photography. It shows that the planned area: includes a library with a large east yard and undeveloped land; is near the uses of supermarket, retail sales, fuel (gas for motor-vehicles) and other retail sales, cultural centre and, east of Dorset Street, multiple-family dwelling. It also shows that two paths (not for motor-vehicles) connect the library to Dorset street.

The image below-right identifies existing zoning. It shows that the planned area: is partly in a "C3" District and partly in an "R1-M" District; and is near an "RMF-S" Residential Multiple-Family [smaller scale] District.

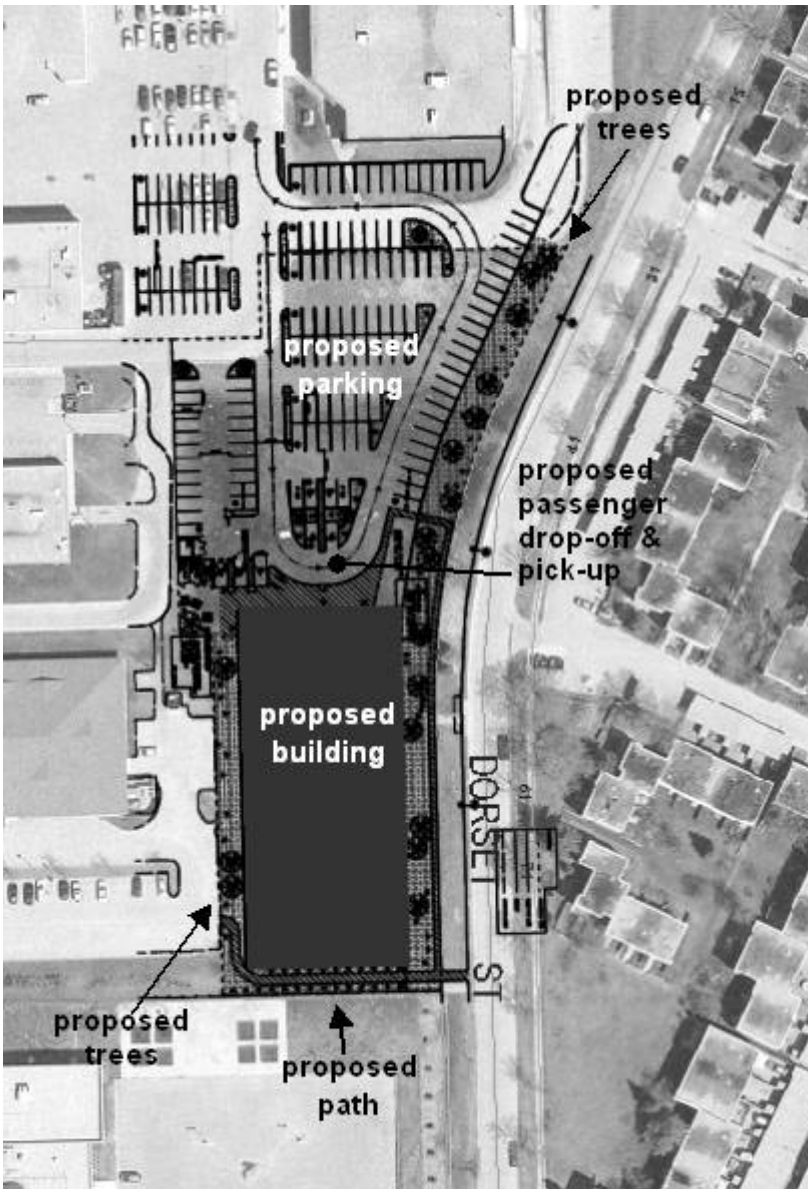

**THE PROPOSED DEVELOPMENT**

The proposal is to develop the planned area with a medical clinic and daycare, with 158 parking spaces north of the proposed building. Motor-vehicle access would be from Keewatin Street, across properties that are west of the planned area. A public path (no motor-vehicles) would be south and west of the proposed building and would connect Dorset Street to the proposed parcel that would encompass the library. The image on the following page is a site plan of the proposed development on 2009 aerial photography. This design was submitted

November 17. It replaces the design that was originally submitted with the development applications required for this proposal.

For this development to proceed, the parcel encompassing the library must be subdivided, a portion of the planned area must be rezoned from "R1-M" District to a zoning district that accommodates the proposed uses (which is the subject of this report and proposed as per Schedule "B") and variances may be required in a subsequent application.

**ANALYSIS AND ISSUES**

**Plan Winnipeg Compliance**

Policy 3A-01, Promote Orderly Development, of Plan Winnipeg states that the Neighbourhood designation signifies areas of local identity with mutually supportive uses generally including a residential mix together with a variety of educational, recreational, institutional, commercial, and possibly industrial uses, at a scale and density compatible with each other.

The proposed development complies with Plan Winnipeg, and Policy 3A-01 in particular, because it would be supportive of nearby residential uses, at a scale that is compatible with the residential uses and would not have private approaches from Dorset Street.

**Compatibility with the Neighbourhood**

As stated above, the proposed development would be compatible with the area.

**Zoning By-law 200/2006**

As shown in the principal use table of the zoning by-law, the "C3" District allows uses that may not be compatible with residential uses, such as "landscape/garden contractor or production" or

"mini-warehouse, self-storage." The table also shows that the "C2" Commercial Community District accommodates the proposed uses in the same way as the "C3" District, but restricts uses in a manner that is more compatible with residential uses than the "C3" District. In addition, rezoning proposed Lot 1 of Schedule "A" (the site of the proposed development) to "C2" should include making permitted uses that may not be compatible with residential uses, such as "commercial school," "place of worship" and "amusement enterprise, indoor", conditional.

**Site Design**

The proposed development should be modified:

- so that users of the path could see around the south corners of the building better in order to enhance a sense of safety from crime; and
- so that the path has a second connection to the library site, coincident with an easterly projection of the south exterior wall of the library in order to reduce the distance from the north end of the path, across the library's parking lot, to the library entrance in order to enhance safety from vehicles.

A sense of safety from crime can also be enhanced if people inside the proposed building can see path users and vice-versa.

**REASONS FOR THE RECOMMENDATIONS**

The proposed plan of survey and rezoning are recommended for approval with the modifications that a plan of subdivision is created instead and that it, and the proposed rezoning, conform to Schedule "A" of this report because the proposed plan of subdivision would be clearer and the propose rezoning would be more compatible with the neighbourhood than what is proposed.

The recommended conditions:

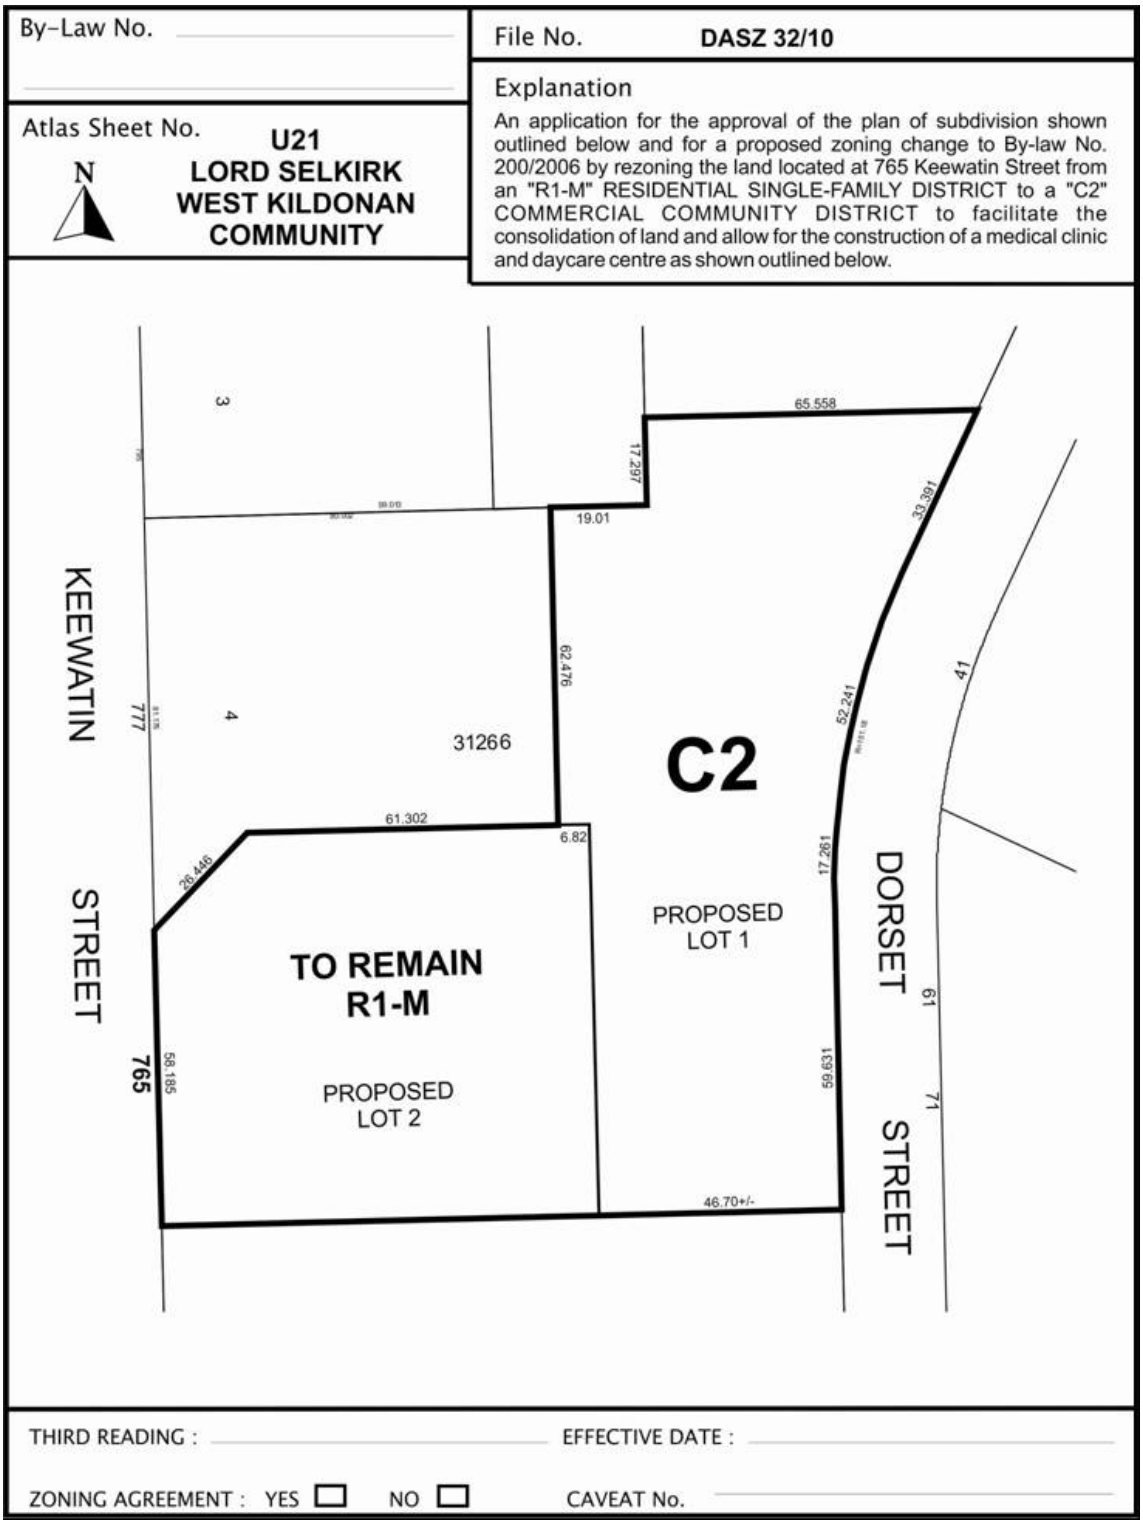

- that a zoning agreement requiring plan approval by the Director, restricting signage and prohibiting motor-vehicle access to the planned area from Dorset Street; and
- that land be allocated for a public path and that said path be constructed by the developer;

are to ensure the proposed development is quite compatible with the neighbourhood.

It is expected that the site design issues described earlier in this attachment will be addressed through the plan approval process.
