SUBJECT: Rezoning to "R2" Residential Two-Family to permit a two-family dwelling.

Winnipeg, MB R3L 0H1

OWNER: Joseph Robert Coutu and Debra Darlene Coutu

RECOMMENDATION: Approval

REPORT SUMMARY

- The applicant intends to build a two storey, two-family dwelling on the subject property. This will necessitate a rezoning of the property from "R1-M" Residential Single-Family district to "R2" Residential Two-Family district.
- The construction of the proposed dwelling will necessitate the demolition of the existing dwelling and shed.

SITE DESCRIPTION

- The subject property is located at the southwest corner of Margaret Av and Aikins St in the Margaret Park neighbourhood of the Mynarski ward.
- The site is 5,000 sq. ft. in area, with 50 ft. of frontage along Margaret. It is currently occupied by a 720 sq. ft., one storey, single family dwelling built in 1922 and a 53 sq. ft. shed. The site is zoned “R1-M” Residential Single Family district.
- Adjacent properties include single family dwellings zoned “R1-M” on all sides. The surrounding neighbourhood is comprised primarily of single family dwellings, albeit with examples of multi-family residential development nearby.

DESCRIPTION OF THE PROPOSED DEVELOPMENT

- The applicant intends to build a two storey, two-family dwelling on the subject property.
- The construction of the proposed dwelling will necessitate the demolition of the existing dwelling and shed.
- According to preliminary plans submitted as part of the application, the units will be mirror images of each other. Access will be provided via side doors as well as through an attached garage taking access off the back lane (each unit will have one indoor parking space). Each unit will have 672 sq. ft. of living area on the main floor, while the second storey will each have 630 sq. ft. Plans indicate a second storey balcony above the rear-facing garage.

ANALYSIS AND ISSUES

Plan Winnipeg

- The subject property is designated as Neighbourhood Policy Area in Plan Winnipeg. The Neighbourhood Policy Area provides for areas including a residential mix together with a variety of educational, recreational, institutional, commercial, and possibly industrial uses, at a scale and density compatible with each other.
- The proposed development is compatible with Plan Winnipeg.

Zoning

- The Residential Single-Family (R1) district is intended to accommodate primarily single-family residential development in lower-density neighbourhoods.
- The Residential Two-Family (R2) district is intended to accommodate the development of single- and two-family units and where appropriate limited multi-family units in lower-density neighbourhoods.

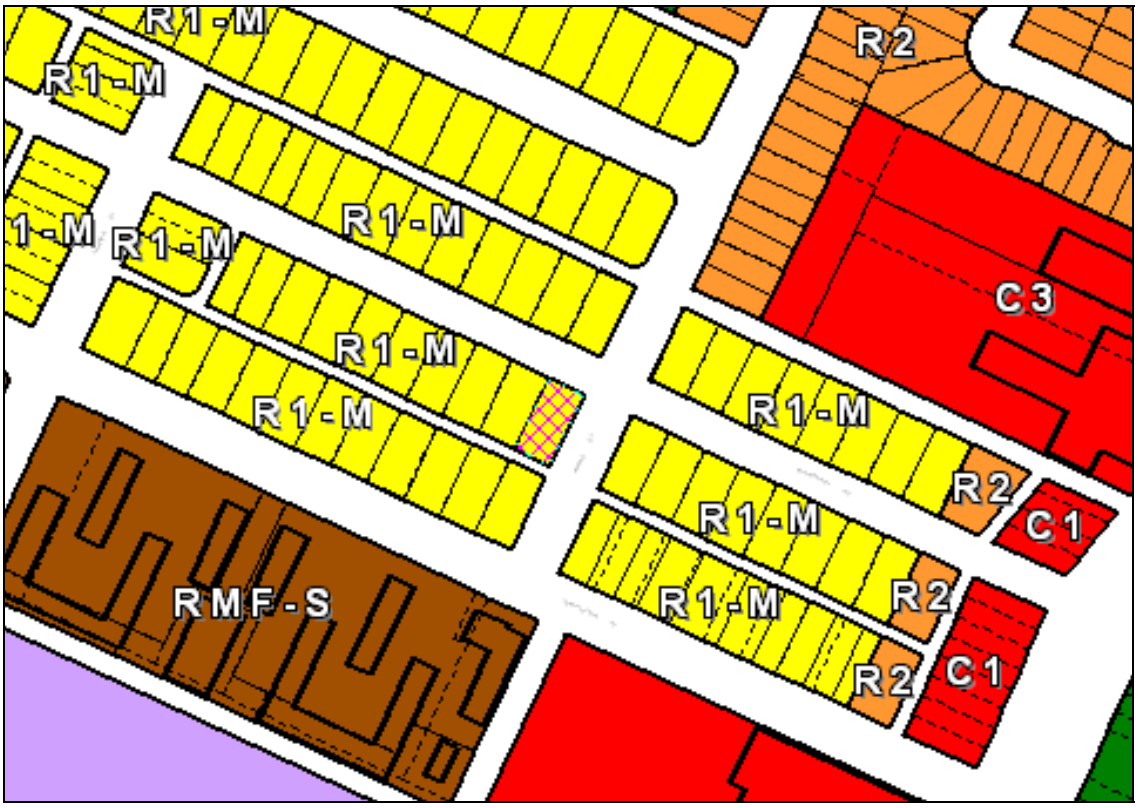

Figure 2: Zoning map of subject property and surrounding neighbourhood

- Section 137 of Zoning By-law No. 200/06 prescribes the following dimensional standards for residential districts:

Zoning District	Min. Lot Area (sq. ft.)	Min. Lot Width (sq. ft.)	Min. Front Yard (ft.)	Min. Rear Yard (ft.)	Min. Side Yard (ft.)	Min. Reverse Corner Street Side Yard	Max. Height of Building (ft.)	Max. Lot Coverage (%)
R1-M	3,500	25	15	25	4	4	35	45
R2	5,000 (2,500 per dwelling unit for two-family)	25	20	25	4	10	35	NA

Figure 3: Dimensional standards for the "R1-M" and "R2" districts

- Section 62 of the zoning by-law prescribes all permitted principal uses in each zoning district.
    - In regards to residential uses, a single-family detached dwelling is the only permitted use in the "R1" district. In the "R2" district, both single and two-family

dwellings are permitted as-of-right, while multi-family and live-work dwellings are listed as conditional uses.

Compatibility with the surrounding neighbourhood

- The Planning and Land Use Division is broadly supportive of infill development, as it minimizes the spatial use of land and provides a wider range of housing options in the neighbourhood.
- There are a number of multi-family dwellings in the surrounding neighbourhood, including:
    - Duplexes zoned “R2” only half a block north of the subject property along Aikins, as well as Seaforth Av and Beeston Dr.
    - Residential properties zoned “R2” immediately adjacent to the commercial properties along the west side of Main St one block to the east.
    - One storey condo buildings (Templeton properties) zoned “RMF-S” Residential Multi-Family district one block south of the subject property.
- The subject property is only one block west of Main St, which is serviced by high order public transit, and is therefore quite suitable for intensification.
- The Planning and Land Use Division prefers to see single lot rezonings occur at street corners, rather than mid-block.

RECOMMENDATION

The Planning and Land Use Division is supportive of the proposed application for the following reasons:

- The Planning and Land Use Division is broadly supportive of infill development, as it minimizes the spatial use of land and provides a wider range of housing options in the neighbourhood.
- There is a number of multi-family residential dwellings already in the surrounding neighbourhood.
- The subject property is only one block west of Main St, which is serviced by high order public transit, and is therefore quite suitable for intensification.
- The Planning and Land Use Division prefers to see single lot rezonings occur at street corners, rather than mid-block.
