ADMINISTRATIVE REPORT

ISSUE: CONSULTANT ASSIGNMENTS FOR JANUARY 1 TO JUNE 30, 2010

Critical Path: EXECUTIVE POLICY COMMITTEE

AUTHORIZATION

Author	Department Head	CFO	CAO
B. D'Avignon	M. Ruta	M. Ruta	

RECOMMENDATIONS

That this report be received as information

IMPLICATIONS OF THE RECOMMENDATIONS

This report is for information purposes only.

HISTORY

On March 24, 2004, Council adopted Item 1 of the Report of the Executive Policy Committee, dated March 10, 2004, delegating to the Chief Administrative Officer certain authorities of the Materials Management Policy. Aside from this policy, the Chief Administrative Officer is required to report quarterly on the assignment of consultants.

On May 12, 2010, Executive Policy Committee approved a recommendation that, effective January 1, 2011*, competitive bids are required for:

a) consultant services relating to capital projects included in the capital budget, where the estimated value of the consultant service exceeds $100,000 in total, including all phases of any given project;

b) consultant services, other than those related to capital projects, where the estimated value of the consultant service exceeds $35,000 in total, including all phases of any given project.

unless otherwise authorized by Executive Policy Committee.

As a result of the above noted changes, the attached detailed spreadsheet format is revised to separate capital projects from non-capital projects.

*Administrative Standard FM-002 requires that competitive bidding, as noted above, is in effect prior to January 1, 2011.

CONSULTANT ASSIGNMENTS

Although the Consultant Assignment Report is due on a quarterly basis, the report for the period of January 1 to March 31, 2010 was not prepared in a timely manner. Steps have been taken to ensure that delays should not occur again.

The attached document contains information obtained from each department relating to consultant assignments for the period of January 1 to June 30, 2010.

Consultant services are services provided directly to the City of Winnipeg (City), as defined in Administrative Standard FM-002:

- Medical doctors, dentists, nurses, pharmacists, veterinarians, engineers, land surveyors, architects, accountants, lawyers and notaries (AIT* Professionals) (*Agreement on Internal Trade).

- Information technology consultants, communications consultants, management consultants, training consultants, accredited real estate appraisers, agrologists, dietitians, home economists, interior designers, occupational therapists, optometrists, physiotherapists, psychiatric nurses, psychologists, trainers, speech and hearing therapists and landscape architects (non-AIT Professionals).

The above definition excludes service contracts (e.g. elevator service, public surveys).

A summary of consultant assignments for the period of January 1 to June 30, 2010 is provided below.

Summary of 2010 Consultant Assignments

HAROLD FUNK ARCHITECT	Architect	Professional Consulting Services for the Sinclair Park Community Centre Redevelopment Project.	SS	235,400.00	57,113.90	118,027.42	127,364.59			245,392.01	302,505.91	The consultant fee was initially based on a $3.6 million total project budget. The total project budget had increased to $4.6 million with the additional $1 million provided by the General Council Winnipeg Community Centres (GCWCC) in September 2009. The increase in consultant fees was based on the increase in scope of work for Sinclair Community Centre. The initial consultant fees as well as additional consultant fees were agreed upon at the start of the project, if and when , the additional $ 1 million was to provided by the General Council Winnipeg Community Centers at a later date

AECOM Canada Ltd (formerly Earth Tech Canada Inc)	Engineer	2007 Watermain and Sewer Renewals	SS	187,375.00	175,436.27	0.00	5,114.00	0.00	0.00	5,114.00	180,550.27	
AECOM Canada Ltd (formerly Earth Tech Canada Inc)	Engineer	2008 Watermain & Sewer Renewals	SS	218,938.51	243,884.30	2,225.00	9,530.00	0.00	0.00	11,755.00	255,639.30	Revisions to contract documents were required to reflect change in scope. Work was re organized and coordinated through City of Winnipeg Centralized Services
AECOM Canada Ltd (formerly Earth Tech Canada Inc)	Engineer	Deacon UV Disinfection Project	SS	968,254.00	1,945,569.86	0.00	2,672.75	0.00	0.00	2,672.75	1,948,242.61	During start-up of the facility in early 2005, an unusual operating event resulted in breakage of a UV lamp. Extensive investigation, computer modelling and system redesign were required to mitigate this problem. Subsequently, lengthy and detailed system testing was undertaken to ensure proper operation, followed by retraining of operating staff on the revised system. Finally, a HAZOP of the system was conducted to confirm that appropriate redundancy and control systems were in place and build operator confidence before start-up in May of 2006. Since May, 2006 there have been recurring, serious equipment failures while under warranty which have required further time by the consultant to resolve. This overexpenditure was approved by CFO October 2, 2007.

Increases due in part to requests for an outfall inspection and an additional portion of Jessie to be studied. As well, after some analysis was performed, a dry weather flow calibration was requested due to the abnormally high DWF in the district. This was needed in order to study and mitigate Combined Sewer Overflows. Jun 9/08 Overexpenditure report approved by CFO.
