RECOMMENDATIONS

1. That the proposed lane closing as shown on Misc. Plan No. 13807/1 be approved and that the land be declared surplus to the City's needs.

2. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the lane closing in accordance with Misc. Plan No. 13807/1, subject to the approval of the terms and conditions of the conveyance of the land by the Director of the Planning, Property and Development Department.

3. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

All street and lane closings require the consideration of the Community Committee.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

All costs associated with the lane closing are the responsibility of the applicant. There are no financial implications for the City of Winnipeg.

HISTORY

The Planning, Property and Development Department has received a request from Mr. Dave Brown, the property owner of No. 885 Lyon Street, to close the public lane so identified on the attached copy of Misc. Plan No. 13807/1. Once closed, Mr. Brown will be purchasing the portion of the public lane identified as Parcel "B". The owner of the adjoining property at No. 881 Lyon Street will be purchasing the portion of the public lane identified as Parcel "A". It is the intent of the property owners to acquire the land for personal use and incorporate their respective parcels with their existing holdings.

The subject lane right of way was created by Plan No. 5135 and registered in the Winnipeg Land Titles Office in 1950. The lane is undeveloped, contains several mature trees within it, and serves no public access purpose.

APPENDIX "A"

Administrative Approval

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections to the lane closing.

Administrative Comments

The Water and Waste Department requires the prospective owners of the subject closing to submit a lot grading plan for approval.

Easements

Manitoba Hydro, Centra Gas, MTS Allstream and Shaw Cablesystems have no existing services within the closing area. No easements will be required by these utilities.

An easement for a land drainage swale may be required by the Water and Waste Department. This will be determined after the submission of the lot grading plan noted above.

Transfer of Jurisdiction Over Public Rights-of-Way

The lane must be legally closed before it may be sold. Title to all public rights of way in Manitoba is vested in the name of the Province. The registration in the Winnipeg Land Titles Office of a closing by-law removes the public right of way status from the land and vests the ownership of the property in the City's name. The City is not entitled to dispose of the land until this has been done.
