HISTORY

On September 27, 2010, a "*Petition For"* was issued to Mr. Jeffrey A. Duncan who resides at 54 Sunset Boulevard for a proposed Concrete Lane Pavement Local Improvement Project within the Riel Community and Ward boundary which is depicted in the following drawing:

The City Clerk's Department received the signed "*Petition For"* form on December 21, 2010.

On January 4, 2011, the Manager of Taxation and Finance submitted a Report to the Riel Community Committee recommending that the proposed undertaking of this local improvement project may be advertised in March 2011.

On January 10, 2011, the Riel Community Committee concurred in the recommendation of the Winnipeg Public Service and authorized the Administration to advertise in March 2011 this proposed local improvement project.

On March 28, 2011, this proposed local improvement project was advertised in the *Winnipeg Free Press* newspaper. Per Section 409 of The City of Winnipeg Charter, objections to the proposed local improvement must be filed at least 30 days after the notice is published. A deadline of April 27, 2011 was published for this local improvement.

On April 5, 2011, a *"Notice of Objection"* form was requested and issued to Mr. Gregory Rudolph who resides at 46 Sunset Boulevard. Mr. Rudolph returned the *"Notice of Objection*" form with signatures to the City Clerk's Department on April 27, 2011.

In accordance with Section 125 of *The City of Winnipeg Charter*, it was ascertained and certified by the Manager of Taxation and Finance that the signatures obtained from the benefiting registered property owners on the aforementioned *"Notice of Objection"* form represents ***56.46%*** of the total assessable frontage as indicated below:

Total Assessable Frontage (includes Flankage)	2,247.00 feet
Less: Flankage	(110.90) feet
Total Assessable Frontage (excludes Flankage)	2,136.10 feet
Objectors Represent	1,206.10 feet
Percentage Signed	***56.46%***

Per Section 411 of *The City of Winnipeg Charter*, registered owners of at least 3/5 (60%) of the total real property benefited (assessable frontage) must object to the proposed local improvement for the local improvement not to be proceeded with. Given the unsuccessful result of 56.46%, the Winnipeg Public Service recommends that this Project proceed as part of the 2011 Local Improvement Program which is funded through the Local Improvement Float.

The total cost of the project is estimated to be $350,000 of which 91.55% is to be recovered from the registered property owners.
