REPORTS

Minute No. 236 Proposed Rezoning - 362, 364, 366 Young Street
File DAZ 200/2003 [c/r DAV 30/2003D]

STANDING COMMITTEE RECOMMENDATION:

The Standing Policy Committee on Property and Development concurred in the recommendation of the City Centre Community Committee and recommends to Council that the application under File DAZ 200/2003 not be proceeded with.

DECISION MAKING HISTORY:

Moved by Councillor O'Shaughnessy,

That the recommendation of the City Centre Community Committee be concurred in and forwarded to Executive Policy Committee and Council.

Carried

COMMUNITY COMMITTEE RECOMMENDATION:

On March 4, 2003, the City Centre Community Committee concurred in the administrative recommendation and submitted its recommendation to the Standing Policy Committee on Property and Development.

RE: **Proposed Zoning Change - 362, 364, 366 Young Street**
File DAZ 200/2003 (c/r DAV 30/2003 D)

For submission to: **Standing Policy Committee on Property and Development**

Prepared By: Carol Freeman, Clerk, City Centre Community Committee

Report date: **March 13, 2003**

COMMUNITY COMMITTEE RECOMMENDATION:

The City Centre Community Committee concurred in the administrative recommendation and recommends to the Standing Policy Committee on Property and Development that the application under File DAZ 200/2003 not be proceeded with.

The City Centre Community Committee provided the following supporting reasons for its recommendation:

1. Plan Winnipeg does not support commercial rezonings that may be disruptive to the residential character of a neighbourhood including encouraging the demolition of existing housing stock.

2. Based on a windshield survey of area parking lots, there is enough surface parking in the area to service businesses, the CBC, and the University.

3. The proliferation of parking lots is having a detrimental impact on the appearance of the neighbourhood and the quality-of-life of local residents.

4. The proposed parking lot is located amidst the remaining section of intact housing on the street and may encourage further housing demolition.

5. The proposed parking lot is to be developed at a low standard without the proper yards, fencing, lighting, and landscaping.

6. The subject property should be reserved for infill housing to help rejuvenate the neighbourhood

7. Mid-block commercial rezonings are not typically supported by the Development Management Branch as they can destabilize the residential environment and encourage the commercial conversion of adjacent properties.

SUMMARIZATION OF REPRESENTATIONS AND SUBMISSIONS
MADE AT THE PUBLIC HEARING ON THE SUBJECT MATTER

Roysie Sankar, appearing in support of the application, advised that he has owned the subject property since 1988 and the house had burned down in 2002. He indicated that the property was located between Ellice and Portage Avenues, no one wants to live downtown, all his properties are vacant while he pays heating bills and the proposed parking lot would be paved.

Cyril Keeper, appearing in opposition to the application, read a prepared presentation from Inonge Aliago, Housing Coordinator, Spence Neighbourhood Association, filed as Exhibit No. 10, into the record

Dear Ms. Freeman:

REZONING
West side of Young Street, between Portage and Ellice
City Centre Community Committee
File No. DAZ 200/03

An application has been received from Roysie Sankar, to amend By-Law No. 6400/94 by rezoning the land shown below from a/an "R2-T" Two-family Transitional Residential District to a/an "C2" Commercial District to allow for the establishment of a commercial parking lot.

RELATED FILES: DAV 30/03D

SITE DESCRIPTION:

Site Area: Approx. 8,940 square feet (83.5' by 107.1 feet).

Existing Land Use and Zoning:

- 362 Young, 2-storey, frame house zoned "R2-T"
- 366 Young, empty lot used for parking zoned "R2-T"
- 366 Young, vacant lot zoned "R2-T"

Surrounding Land Use and Zoning:

North: 3 storey apartment building, zoned "R2-T"
South: 6 storey apartment building, zoned "R2-T"
East: across Young Street, playground zoned ""Rc" and "NRc"
West: across public lane, mixed housing fronting Langside Street, zoned "R2-T"

DEVELOPMENT DESCRIPTION:

The development involves 3 residential lots, 362, 364 and 366 Young Street. A rooming house was recently demolished at 366 Young Street. The lot at 364 is used for parking. The lot at 362 contains a single-family house that the applicant intends to demolish. The site plan shows lots 364 and 366 combined into a parking lot for 24 cars with a centre aisle. The plan shows angle parking for 4 cars behind the house at 362 Young. The related variance application would allow the establishment of the parking lots without the necessary front and side yards and without the necessary fencing and landscaping.

PLAN WINNIPEG:

Under Plan Winnipeg, applications for commercial rezonings are permitted in Neighbourhood Policy Areas. However, Plan Winnipeg does not support commercial rezonings that may be disruptive to the residential character of a neighbourhood including encouraging the demolition of existing housing stock.

ADMINISTRATIVE COMMENTS:

The subject lands are located in the Spence Neighbourhood. In recent years, the Spence Neighbourhood has been the focus of a concerted effort to revitalize the neighbourhood involving the City, Province, and local residents, business owners and community leaders. One of the major initiatives has been to improve housing in the area. Illegal or substandard housing is being eliminated through the improved enforcement of zoning and building codes. Programs are available to assist homeowners with renovations and repairs. Community groups are renovating houses for resale to new residents. And The University of Winnipeg is renovating buildings for student housing. These initiatives are aimed at reversing the steep decline in the quality of housing and the value of residential properties in the neighbourhood over the past 20 years.

A major issue facing the Spence neighbourhood, and other inner-city neighbourhoods, is the proliferation of substandard parking lots. Some of these parking lots are a function of the devaluation of residential properties. Specifically, houses deteriorate to the point where demolition is the only option and, in the absence of infill housing development, parking becomes the "highest and best use" in real estate terms. In fact, vacant lots on Langside across the lane from the subject site are being used for illegal parking since the demolition of the house at 415.

In the Spence Neighbourhood, the University of Winnipeg creates pressure for surface parking. Much of Young Street is already developed with parking lots serving students and staff. In fact, administration support was extended to recent rezonings at 336 and 348 Young Street towards the south end of the block. Young Street.

However, within the context of the above discussion, the Development Management Branch is not prepared to support this application for the following reasons:

- based on a wind-shield survey of area parking lots, there is enough surface parking in the area to service businesses, the CBC, and the University;
- the proliferation of parking lots is having a detrimental impact on the appearance of the neighbourhood and the quality-of-life of local residents;
- the proposed parking lot is located amidst the remaining section of intact housing on the street and may encourage further housing demolition;
- the proposed parking lot is to be developed at a low standard without the proper yards, fencing, lighting, and landscaping;
- the subject property should be reserved for infill housing to help rejuvenate the neighbourhood;
- mid-block commercial rezonings are not typically supported by the Development Management Branch as they can destabilize the residential environment and encourage the commercial conversion of adjacent properties.

RECOMMENDATION:

It is therefore recommended that the rezoning application, and the related zoning variance application be denied. However, should your Committee choose to approve the application, the following conditions of approval are necessary.

I. That By-law 6400/94 be amended by rezoning the subject land as shown on Schedule "A", for file DAZ 200/03, attached hereto and dated, February 20, 2003, to a "C2"Commercial District, subject to the following:

1. That the use of the land be limited to the following:

- accessory and non-accessory parking lot;
- professional office;
- dwelling units;

- medical/dental or similar office;
- trade school, business college;
- university, college, technical school.

2. That, prior to the issuance of a development permit, plans showing the lot layout, fencing, landscaping, surfacing, drainage, access, signage, parking, garbage enclosures, building elevations, exterior materials, and site lighting be submitted for the approval of the City Centre Community Committee.

II. That a 10 per cent dedication be made by a payment of a sum of money to the City in lieu of the requirement for land dedication based on the increase in the market value of the land.

III. That, in the event this application is not proceeded with expeditiously and the by-law is not enacted within twenty-four (24) months after adoption of this report by Council, the matter shall be deemed to be concluded and shall not be proceeded with unless Council extends that time.

IV. That the City Solicitor be requested to prepare the necessary rezoning by-law and forward same to Council for all three readings.

V. That the rezoning by-law shall come into effect when the Zoning Agreement has been registered by caveat as a first charge against the subject land at the Winnipeg Land Titles Office, provided that the said effective date occurs within twenty-four (24) months from the date that the said rezoning by-law is adopted by Council.

VI. That the Proper Officers of the City are hereby authorized to execute said Zoning Agreement.

VII. That the City Solicitor be requested to do all things necessary for implementation in accordance with the terms of The City of Winnipeg Charter.

Yours truly,

V. Buckley
