HISTORY

On November 17, 2010, a "*Petition For"* was issued to Mr. Daniel G. Lepage who resides at 42 Carriere Avenue for a proposed Concrete Lane Pavement Local Improvement Project within the Riel Community and Ward boundary which is depicted in the following drawing:

The City Clerk's Department received the signed "*Petition For"* form on February 14, 2011.

On February 18, 2011, the Manager of Taxation and Finance submitted a Report to the Riel Community Committee recommending that the proposed undertaking of this local improvement project may be advertised in March 2011.

On March 14, 2011, the Riel Community Committee concurred in the recommendation of the Winnipeg Public Service and authorized the Administration to advertise in March 2011 this proposed local improvement project.

On March 28, 2011, this proposed local improvement project was advertised in the *Winnipeg Free Press* newspaper. Per Section 409 of *The City of Winnipeg Charter*, objections to the proposed local improvement must be filed at least 30 days after the notice is published. A deadline of April 27, 2011 was published for this local improvement.

Subsequent to the advertisement, the City Clerk's Department received three letters of objection from registered property owners who reside on Carriere Ave and Fifth Ave. Two of the three letters include information felt important for the Committee to consider (included as Attachments 1 and 2 to this report). The third letter simply stated their objection (not included here). Note that an official *"Notice of Objection"* form was not requested from the Assessment and Taxation Department during the period through April 27, 2011.

In accordance with Section 125 of *The City of Winnipeg Charter*, it was ascertained and certified by the Manager of Taxation and Finance that the signatures obtained from the benefiting registered property owners on the aforementioned letters of objection represents ***10.54%*** of the total assessable frontage as indicated below:

Total Assessable Frontage	1,482.30 feet
Objectors Represent	156.30 feet
Percentage Signed	***10.54%***

Per Section 411 of *The City of Winnipeg Charter*, registered owners of at least 3/5 (60%) of the total real property benefited (assessable frontage) must object to the proposed local improvement for the local improvement not to be proceeded with. Given the unsuccessful result of 10.54%, the Winnipeg Public Service recommends that this Project proceed as part of the 2011 Local Improvement Program which is funded through the Local Improvement Float.

The total cost of the project is estimated to be $230,000 of which 96.67% is to be recovered from the registered property owners.
