STANDING POLICY COMMITTEE ON PROPERTY AND DEVELOPMENT

QUESTION PERIOD

Minute No. 265
Councillor Havixbeck questioned if the Chairperson had made specific inquiries at the Provincial level as to what level of priority the Province will place upon the approval of the OurWinnipeg document, noting that her ward has at least one, if not two amendments to the plan, and any delays would hold up progress in those areas.

Councillor Browaty replied that a week and a half ago, he had lunch with the Assistant Deputy Minister of Local Government who advised that within the comings week to a month, the Province would be providing feedback to the City on OurWinnipeg.
