RECOMMENDATIONS

That the Standing Policy Committee on Infrastructure Renewal and Public Works approve the capital budget transfer of $1,130,000 from Jubilee Avenue Overpass (project #1805000309) to the McPhillips Street: Selkirk Avenue To CPR Underpass Widening, Concrete Repairs And Asphalt Resurfacing Project – Bid Opportunity No. 404-2009 (project 1804001109).

REASON FOR THE REPORT

The Standing Policy Committee on Infrastructure Renewal and Public Works must approve the transfer of surplus funds to other projects to cover over-expenditures.

IMPLICATIONS OF THE RECOMMENDATIONS

In order to complete the McPhillips Street widening project underway in the 2009 Regional and Local Street Program, funding has to be in place for all aspects of the contracts.

Total Funding Required $1,130,000.00

HISTORY

The 2009 Capital Budget adopted by Council on December 16th, 2008 includes funding for the 2009 Regional and Local Streets Program for $43,169,000.00.

On July 20th, 2009, the Chief Financial Officer awarded Bid Opportunity 404-2009 to J. C. Paving Ltd. in the amount of $2,261,185.00. The total cost of the McPhillips Street construction was estimated to be $5,240,000.00

The additional funding is required due to the need for consultant and contract over-expenditures. There was additional early opening concrete pavement, additional asphalt, additional restoration of the Manitoba Lottery property, and extra work orders. Consulting services increased due to additional coordination with Manitoba Hydro and the additional time to supervise to contractor.

An estimated surplus of $1,158,00.00 was identified in the Jubilee Overpass Rehabilitation Project Award Report for Bid Opportunity 133-2010. As that contract is nearing Total Performance, surplus funds may be released from the Project Budget.
