ADMINISTRATIVE REPORT

RE: 2003 EDUCATION SUPPORT LEVIES AND MILL RATES

FOR SUBMISSION TO: EXECUTIVE POLICY COMMITTEE

ORIGINAL REPORT SIGNED BY: CHIEF FINANCIAL OFFICER

REPORT DATE: April 16, 2003

RECOMMENDATION(S):

That in compliance with the mandatory provisions of *The Public Schools Act*, Council adopt a by-law required to fix and impose taxes sufficient to meet that portion of the cost of education required to be raised through the Education Support Levy on assessable property within the City of Winnipeg in 2003.

REPORT SUMMARY:

Key Issue(s):

Prior to 2003, the amounts required to be raised by Council for the City's share of the cost of education was accomplished by adopting a by-law setting the mill rates for the Education Support Levy and the Special Levy by mid to late March. This timeframe coincided with the requirement for the Province and the school divisions to submit their respective budgets to the City on or before March 15th of each year in order for the mill rates to be calculated.

Amendments to *The Public Schools Act* gave the Province up to April 15th (one month later than in previous years) to set its requirements for the Education Support Levy. This revised timeline will be in place for each year ending before January 1, 2006.

On March 26, 2003, Council passed a by-law to fix and impose taxes necessary to raise the amounts required for the 2003 Special Levy.

This report addresses the Provincial requirements for the Education Support Levy and completes the analysis of the combined Education Support levy and Special Levy for education purposes for the City of Winnipeg.

The Provincial Education Support Levy requirements for 2003 total $112,627,872, a decrease of $12,117,022 or 9.7% from the 2002 requirement. The levy on Residential property is $42,854,628, representing a decrease of $10,296,011 or 19.4% from the 2002 levy. The levy on Other property is $69,773,244, representing a decrease of $1,821,011 or 2.5% from the 2002 levy.

The 2003 requirement for the combined school levies in Winnipeg will total $425,053,077, which is $10,913,130 or 2.6% higher than in 2002.

School taxes now represent 53.1% of all property taxes collected in Winnipeg, compared to 52.8% in 2002 and 51.4% in 2001.

The dollar value change in the 2003 combined school tax for a home assessed at $100,000 range from a decrease of $30.87 in the Interlake School Division to an increase of $69.84 in the former Transcona-Springfield School Division.

The actual 2003 combined school tax impact for a home assessed at $100,000 range from $1,130.27 in the St.James-Assiniboia School Division to $1,528.34 in the Winnipeg School Division.

REASON FOR THE REPORT:

Section 184 of *The Public Schools Act* requires Council of the City of Winnipeg to fix and impose an Education Support Levy.

HISTORY:

The attached Schedules "A" to "D" are pertinent to the subject by-law and include information in comparison with that for prior years.

DISCUSSION:

The **Education Support Levy** represents an amount the Province of Manitoba collects for educational purposes province-wide. The **Special Levy** represents the various school divisions' additional requirements or portions of their costs that do not qualify for provincial assistance under the province-wide Education Support Levy. In accordance with legislation, Council is required to annually collect and remit the City's share of these two levies to the Province and the school divisions respectively.

Prior to 2003, the amounts required to be raised by Council for the City's share of the Education Support Levy and the Special Levy was accomplished by adopting a by-law setting the mill rates for these two levies by mid to late March. This timeframe coincided with the requirement for the Province and the school divisions to submit their respective budgets to the City on or before March 15th in order for the mill rates to be calculated.

Recent amendments to *The Public Schools Act* gave the Province up to April 15th (one month later than in previous years) to set its requirements for the Education Support Levy. This revised timeline will be in place for each year ending before January 1, 2006.

As noted above, the school divisions were required to submit their respective budgets to the City of Winnipeg on or before March 15th, 2003. On March 26, 2003, Council passed a by-law to fix and impose taxes necessary to raise the amounts required for the 2003 Special Levy. At that time, it was noted a separate report addressing the Education Support Levy would follow pending receipt of the requirements from the Province.

This report addresses the Provincial requirements for the Education Support Levy and completes the analysis of the combined Education Support levy and Special Levy for education purposes for the City of Winnipeg.

Provincial Education Support Levy

The Provincial Education Support Levy requirements total $112,627,872, a decrease of $12,117,022 or 9.7% from 2002 (see Schedule "A").

The Provincial levy on Residential property is $42,854,628, representing a decrease of $10,296,011 or 19.4% from 2002. This decreased requirement corresponds to a mill rate of 5.270 for Residential property which is 21.0% lower than the 2002 mill rate (see Schedule "A").

The Provincial levy on Other (non-residential) property is $69,773,244, representing a decrease of $1,821,011 or 2.5% from 2002. This decreased requirement corresponds to a mill rate of 16.575 for Other property which is 2.7% lower than the 2002 mill rate (see Schedule "A").

School Division Special Levy (Approved by Council on March 26, 2003)

The City's eight school divisions' 2003 Special Levy requirements total $312,425,205, an increase of $23,030,152 or 8.0% over the 2002 requirement. This increase in Special Levy requirements range from a 3.6% increase in the Interlake School Division to a 13.9% increase in the St. James-Assiniboia School Division (see Schedule "A").

The change in the school divisions' Special Levy requirement, coupled with the change in their respective portioned assessment subject to this levy, has resulted in mill rate increases from 2.7% in the Seven Oaks School Division to 12.5% in the St. James Assiniboia School Division (see Schedule "A").

Giving consideration to the taxpayers affected by the new amalgamated school divisions, Assiniboine South had a Special Levy mill rate increase of 6.2%, Fort Garry 4.9%, St Boniface 7.7%, St Vital 7.7%, River East 5.2% and Transcona Springfield 14.0%.

Impact of Combined Mill Rate for Education Purposes

The 2003 combined school levies in Winnipeg will total $425,053,077, which is $10,913,130 or 2.6% higher than in 2002 (see Schedule "A").

School taxes now represent 53.1% of all property taxes collected in Winnipeg, compared to 52.8% in 2002 and 51.4% in 2001.
