RECOMMENDATIONS

1. That the Director of Legal Services and City Solicitor be instructed to prepare the necessary by-law for submission to Council to effect the street openings in accordance with the attached Misc. Plan Nos. 13967/1, 13968/1 and 14094.

2. That the Proper Officers of the City be authorized to do all things necessary to effect the intent of the foregoing.

REASON FOR THE REPORT

The dedication of this property as a public street requires a by-law pursuant to Section 139 of The City of Winnipeg Charter.

IMPLICATIONS OF THE RECOMMENDATIONS

There are no policy, regulatory, environmental, human resource or general implications associated with the recommendations.

Costs associated with the street openings are the responsibility of the Public Works Department and are within the approved current and/or capital budget and considered immaterial in nature.

The proposal has been considered by all affected City departments and public utilities. There are no administrative objections or conditions to the street openings.

HISTORY

The Planning, Property and Development Department is proceeding with an application on behalf of the Public Works Department to open the east side of Pembina Highway, the northwest corner of Pembina Highway and Bison Drive and the north side of Chancellor Matheson Road so identified on the attached copies of Misc. Plan Nos. 13967/1, 13968/1 and 14094. The openings are required in order to accommodate future transportation requirements for the anticipated increase in traffic volumes in and out of the University of Manitoba campus grounds in conjunction with the development of the new stadium at this site.

The City of Winnipeg is the registered owner of the land required for the opening as shown on Misc. Plan No. 14094. The University of Manitoba is the registered owner of the land required for the openings as shown on Misc. Plan Nos. 13967/1 and 13968/1, and has agreed to its sale to the City of Winnipeg for the nominal sum of $1.00. The University Board of Governors approved this disposition at their meeting on June 20, 2011.

The subject openings form part of the property acquisition requirements for 2011 Capital Projects recommended by the Standing Policy Committee on Infrastructure Renewal and Public Works at its meeting held on February 1, 2011 for approval by the Executive Policy Committee. On February 22, 2011, Council adopted the Report of the Executive Policy Committee dated February 16, 2011 recommending the approval of the 2011 Annual Capital Budget.

This report is submitted in accordance with the provisions of By-Law 7325/98, a by-law to amend procedures to allow certain street opening and closing applications to be submitted to the Executive Policy Committee for report to Council without the requirement to be reviewed by a Standing Policy Committee.
