REASON FOR THE REPORT:

In accordance with City Policy, the Standing Policy Committee on Property and Development shall finalize all sales, including terms and conditions, for which the Director of the Planning, Property and Development Department has no authority. The proposed purchase price is less than fair market value, therefore the Department is seeking Council approval of the sale at $1.00, with the recommended sale being subject to the enactment of the road closing By-law.

HISTORY:

On September 28, 2002 the Standing Policy Committee on Property and Development approved a previous sale of City property identified as outlined on the attached Misc. Plan No. 10516/3 to the Springs of Living Water Church for $1.00 subject to the lands being consolidated in title with the Church's adjacent property. At that time the Riel Community Committee was on record as being in favour of offering the property to the Springs of Living Water Church at a nominal charge.

The Springs of Living Water Church has now requested to acquire an additional portion of Niakwa Road East shown as the "Subject Property" on Misc. Plan No. 10516/5 and have applied for a closing of same under DAC 12/2002.

In dealing with closing application DAC 12/2002 on January 6, 2003, the Standing Policy Committee on Property and Development concurred in the recommendation of the Riel Community Committee and recommended to Council:

"1. That the City Solicitor/Manager of Legal Services be instructed to prepare the necessary by-law for submission to Council to effect the closing in accordance with Schedule "A", Misc. Plan No. 10516/5.

2. That the Proper Officer of the City be authorized to do all things necessary to effect the intent of the foregoing."

On February 10, 2003, the Riel Community Committee recommended to the Standing Policy Committee on Property and Development that the City-owned right-of-way lands identified in Schedule "A" (the land shown as subject property on Misc. Plan No. 10516/5) be sold to the Springs of Living Water Church for the sum of $1.00.

On March 6, 2003, the Standing Policy Committee on Property and Development considered the Riel Community Committee's recommendation and referred the matter to the Department.

DISCUSSION:

The particulars of the subject property are as follows:

Location:	North of Lagimodiere Boulevard, east of Mazenod Road

Legal Description:	A portion of Niakwa Road East closed Right of Way (ROW) shown as "Subject Property" on the attached Misc. Plan 10516/5
Registered Owner:	The City of Winnipeg (after the closing by-law is enacted)
Realty Roll No. and Assessment:	Not applicable, legally open public ROW
Zoning:	Open ROW, once legally closed the subject lands will take on the zoning of the adjacent site, which today is "M-1" - Industrial District on the north side and "PR-2" and "M-l" for portions along the south side.
Site Size/Area:	68,310 sq. ft. (1.568 acres)
Property Description:	The subject City lands were set aside as an open right-of-way to service the future development of the private lands for industrial use. The closing of the subject Right of Way has been recommended by the Riel Community Committee and directed to Council under DAC 12/2002.

Recommended Terms and Conditions of Sale

As a result of the Departmental circularization of the proposed closing and sale of these lands, the Planning, Property and Development Department is recommending that the sale be approved subject to:

the standard terms and conditions of sale as stated on the attached Appendix "1", and;

the following additional requirements and conditions to be included in Appendix "1":

- The Purchaser will be required to enter a Servicing Agreement in accordance with the requirements under DAC 12/02, for access and egress agreements with the business at 717 Lagimodiere Boulevard to ensure its continued use of the closed street in perpetuity.
- No new approaches will be allowed from Lagimodiere Boulevard. A caveat making this statement is to be registered against the titles to the affected properties to advise the current or future owners of the properties of this fact.
- The Purchaser will be required to apply to the Public Works Department for approval for the use of the existing approach from Lagimodiere Boulevard as a private approach.
- The Purchaser shall provide continued access for emergency purposes to the City of Winnipeg across the Springs of Living Water Centre Inc. property to Niakwa Road East (east of Mazenod Road) and access for Manitoba Hydro to their transformer substation, by way of an access and egress easement agreement requiring the Springs of Living Water Centre Inc. to construct and maintain a paved right-of-way in favour of the City and Manitoba Hydro. The Access and Egress agreement is to be prepared to the satisfaction of the Director of Public Works Department. (This condition is consistent with the terms of the sale of the portion of Niakwa Road East addressed under DAOC

3/98, as approved by the Standing Policy Committee on Property and Development and Council.)

- Title to the closed street is to be consolidated with the Purchaser's Title(s) to its existing holdings.
- The Water and Waste Department, Manitoba Hydro, Centra Gas and MTS Communications Inc. have all advised that they will require easements for the maintenance of their plants in the street to be closed. No structures other than paving or fencing will be allowed in the easement areas.

The aforesaid proposed terms and conditions have been submitted to the Church for its consideration. At this date, the Department has not received the Church's response. The Department anticipates that the Church will accept these proposed terms prior to the Standing Policy Committee on Property and Development meeting date of April 10, 2003.

Department Opinion

The Planning, Property and Development Department is recommending to the Standing Policy Committee on Property and Development that subject to the enactment of the road closing by-law that the City convey the subject City lands to the Springs of Living Water Centre Inc. at a price of $1.00 for the following reasons:

- Notwithstanding the sale, the City will have continuing access for emergency purposes across the Church property to Niakwa Road East (east of Mazenod Road) and access to the Manitoba Hydro transformer station.
- The Church is to prepare at its cost the required closing, opening, and easement plans.
- The Church is not prepared to entertain a price greater than $1.00 given the Riel Community Committee motion of February 10, 2003, which recommended that the land be offered to the Church at a nominal charge.
- The proposed price and terms and conditions are consistent with the previous approved and implemented transaction.
